## Abstracts

Reliance Industries is one of India's biggest industrial conglomerates with interests spread across petrochemicals, refining, oil and gas exploration and production, retail and textiles. The company has a presence across 100 countries with a recent foray into fashion retailing for India. The company has started exploring new applications in technical textile business for commercial usage. The refining division operates the world's third largest single location refinery which enjoys a unique geographical advantage. The company has been facing some recent challenges from the Indian government regarding the production capacity from the KG Basin wells.

Aruvian Research presents Analysis of Reliance Industries. A complete and comprehensive analysis of Reliance Industries, includes an overview of the industry the company operates in and then moves on to analyzing the company itself.

Company analysis from Aruvian includes a history of Reliance Industries, a business segment analysis of the segments Reliance Industries operates through, a look at the organization structure of the company, a geographical operating segments analysis, an analysis of the company's major competitors.

A financial analysis of Reliance Industries is presented in the report which includes a ratio analysis, basic profit and loss analysis, presentation of the company balance sheet, and much more.

A SWOT Framework Analysis of Reliance Industries completes this in-depth company analysis.

## Contents
