Abstracts

REpower Systems is a Germany based integrated wind systems company which addresses the complete chain of wind energy solutions and recently reported orders for 151 MW across Europe and North America. An additional deployment of 45 MW is expected to be completed by Aug 2013 for the Polish market. The company addresses three major business segments as offshore, onshore and servicing and maintenance. The company has global remote monitoring capabilities to address servicing challenges onshore or offshore.

Aruvian Research presents Analysis of REpower Systems. A complete and comprehensive analysis of REpower Systems, includes an overview of the industry the company operates in and then moves on to analyzing the company itself.

Company analysis from Aruvian includes a history of REpower Systems, a business segment analysis of the segments REpower Systems operates through, a look at the organization structure of the company, a geographical operating segments analysis, an analysis of the company's major competitors.

A financial analysis of REpower Systems is presented in the report which includes a ratio analysis, basic profit and loss analysis, presentation of the company balance sheet, and much more.

A SWOT Framework Analysis of REpower Systems completes this in-depth company analysis.

Contents

A. EXECUTIVE SUMMARY

B. LOOKING AT THE INDUSTRY

- B.1 Industry Definition
- B.2 Brief Profile of the Industry
- B.3 Industry Value
- B.4 Market Segmentation
