Abstracts

The future of the food retail industry in the Czech Republic looks better than what the conditions are at present. The food retail market in Czech Republic has been fluctuating since the last couple of years to the extent of even going into decline. While moderate growth is expected till the end of 2019, it is likely that growth will pick up after 2019. The industry has been struggling overall with the only growth coming from organic or ethical food segments.

With the industry expected to cross a value of USD 20 billion by the end of 2019, Aruvian Research analyzes the food retail industry in its research report Analyzing Food Retail in Czech Republic. The report provides complete insight into the food retail market in the country and also provides a complete analysis of the global food retail industry.

The Czech food retail industry is analyzed through industry statistics, industry growth by value terms, geographical segmentation within Europe, food distribution channels in the country and an industry forecast till 2019. The report also analyzes the industry through a Porter's Five Forces Framework.

Major players active in the food retail market of Czech Republic analyzed in this report include Koninklijke Ahold NV, Kaufland Ceska Republika, Tesco Plc and Lidl Dienstleistung GmbH & Co. KG.
