Abstracts

Germany is a strong player in the European industrial gases market. The German industrial gas market is characterized by the presence of large, diversified international companies. The German industrial gases industry rebounded during 2010 and 2011 due to the worldwide economic recovery.

Biggest players in the German industrial gases industry are Sol SpA, Linde AG, Praxair, Inc. and Air Products and Chemicals, Inc.

Aruvians Rsearch analyzes the industrial gas industry in Germany in its research report Analyzing the Market for Industrial Gases in Germany. The report is a complete coverage of this industry as we analyze the market through an industry overview, an analysis of the industry value, a look at the industry segmentation by products and by geography, among other factors.

We also include an in-depth analysis of the competition in the German industrial gases market, which is followed by the analysis of the major industry players such as Sol SpA, Praxair, Linde AG, Air Liquide, amongst others. The players are analyzed through a corporate profile, an analysis of their business segments, a financial analysis, and a SWOT analysis.

A future perspective of the industry gases market in Germany is included in the report, with forecast ranging from 2011 till 2016.

Aruvians' research report on the Industrial Gases Market in Germany is a comprehensive analytical presentation on the subject.

Contents

A. EXECUTIVE SUMMARY

B. INDUSTRY DEFINITION

C. INDUSTRIAL GASES IN GERMANY

C.1 Industry Overview
