Abstracts

The industrial gases industry in Netherlands has experienced good growth since 2010. Accounting for just about three percent of the European industrial gases market value, the Dutch industrial gas market is likely to post good growth rates till 2016. Merchant gases (liquefied, tank delivery) segment was the market's most lucrative in 2011.

Sol SpA, Praxair, Inc., Air Liquide SA and Air Products and Chemicals, Inc. are the biggest players of the Dutch industry. Industrial gases are quite specific in their composition, meaning that there can be very few substitutes. Therefore, there is a weak threat of substitutes to the Dutch industrial gases market.

Aruvians Rsearch analyzes the industrial gas industry in Netherlands in its research report Analyzing the Market for Industrial Gases in Netherlands. The report is a complete coverage of this industry as we analyze the market through an industry overview, an analysis of the industry value, a look at the industry segmentation by products and by geography, among other factors.

We also include an in-depth analysis of the competition in the Dutch industrial gases market, which is followed by the analysis of the major industry players such as Praxair, Sol SpA, Air Liquide, amongst others. The players are analyzed through a corporate profile, an analysis of their business segments, a financial analysis, and a SWOT analysis.

A future perspective of the industry gases market in Netherlands is included in the report, with forecast ranging from 2011 till 2016.

Aruvians' research report on the Industrial Gases Market in Netherlands is a

comprehensive analytical presentation on the subject.
