## Abstracts

The tobacco industry in Brazil has posted strong growth in recent years aided by strong sales of cigarettes in the country. The Brazilian tobacco industry has witnessed stringent regulations in recent years with new players in the market finding it hard to establish any market presence. Souza Cruz and Philip Morris International along with British American Tobacco are the major players in the industry, having a market value of nearly 85%.

Aruvians Rsearch analyzes the Brazilian tobacco industry in its research offering *Analyzing the Tobacco Industry in Brazil*. The report is an in-depth profile of the tobacco industry in Brazil as well as the global tobacco industry, along with a complete analysis of the major players in the industry.

For the global tobacco industry we analyze the industry through an industry definition, industry overview wherein we look at the market statistics, an industry value analysis, industry segmentation, regional share of the industry, industry distribution, along with an analysis of the competition in the industry and company market share. Future of the global tobacco industry is also analyzed.

For the Brazilian tobacco industry, we analyze the tobacco market through an industry overview, industry value analysis, industry segmentation, regional share analysis, industry distribution, market competition, major players in the market and their market share, as well as an analysis of the future of the tobacco market in Brazil.

With tobacco being one of the most commonly used addictive substances in the world, the industry will continue to grow in the coming years, though the growth is going to be faced with many challenges as countries put in place stringent laws to combat the health effects of consuming tobacco. Aruvians Rsearch's analysis of the Brazilian tobacco industry is a comprehensive analysis of the industry.

Major players in the industry are analyzed through a company overview, business segment analysis, financial analysis, and a SWOT analysis.

## Contents
