Abstracts

The Chinese tobacco industry is one of the fastest growing tobacco industries in the world, having posted a strong growth in the recent five years, primarily due to the strong sales of cigarettes, loose tobacco, and cigars. Chinese National Tobacco Corporation is the biggest market player in the industry, having nearly 99% of the market share.

Aruvians Rsearch analyzes the Chinese tobacco industry in its research offering Analyzing the Tobacco Industry in China. The report is an in-depth profile of the tobacco industry in China as well as the global tobacco industry, along with a complete analysis of the major players in the industry.

For the global tobacco industry we analyze the industry through an industry definition, industry overview wherein we look at the market statistics, an industry value analysis, industry segmentation, regional share of the industry, industry distribution, along with an analysis of the competition in the industry and company market share. Future of the global tobacco industry is also analyzed.

For the Chinese tobacco industry, we analyze the tobacco market through an industry overview, industry value analysis, industry segmentation, regional share analysis, industry distribution, market competition, major players in the market and their market share, as well as an analysis of the future of the tobacco market in China.

With tobacco being one of the most commonly used addictive substances in the world, the industry will continue to grow in the coming years, though the growth is going to be faced with many challenges as countries put in place stringent laws to combat the health effects of consuming tobacco. Aruvians Rsearch's analysis of the Chinese tobacco industry is a comprehensive analysis of the industry.

Major players in the Chinese tobacco industry are analyzed through a company

overview, business segment analysis, financial analysis, and a SWOT analysis.

Contents

A. EXECUTIVE SUMMARY
