## Abstracts

The tobacco industry in the Netherlands has been witnessing a steady growth rate in the recent years, with strong sales of loose tobacco and cigarettes. The market is governed by strict legislation and government regulations, making it difficult for new market players to enter the industry.

Aruvians Rsearch analyzes the Dutch tobacco industry in its research offering Analyzing the Tobacco Industry in Netherlands. The report is an in-depth profile of the tobacco industry in Netherlands as well as the global tobacco industry, along with a complete analysis of the major players in the industry.

For the global tobacco industry we analyze the industry through an industry definition, industry overview wherein we look at the market statistics, an industry value analysis, industry segmentation, regional share of the industry, industry distribution, along with an analysis of the competition in the industry and company market share. Future of the global tobacco industry is also analyzed.

For the Dutch tobacco industry, we analyze the tobacco market through an industry overview, industry value analysis, industry segmentation, regional share analysis, industry distribution, market competition, major players in the market and their market share, as well as an analysis of the future of the tobacco market in Netherlands.

With tobacco being one of the most commonly used addictive substances in the world, the industry will continue to grow in the coming years, though the growth is going to be faced with many challenges as countries put in place stringent laws to combat the health effects of consuming tobacco.
