### INTRODUCTION

In recent years, the development of PTA shows low market potential with the recovery of market economy and enterprises in China strengthened the technology innovation in PTA's quality. By the end of 2013, Chinese production capacity was 33 million tons, about 1.8 million tons growth than 2012. In 2014, PTA production capacity grew 14million tons, by the end of 2014m Chinese PTA total production capacity could exceed 50 million tons, which is the top place over the world. However, capacity surplus of PTA drives manufacturers in financial deficit.
