1. INTRODUCTION

Special graphite supply volume is in shortage status in China; the aggregate output of special graphite was less than 2 thousand tonnes. The actual output was about 9.6 thousand tonnes in 2010; however the demand of special graphite have surpassed 50 thousand tonnes, only satisfied 20% of the total demand of the market. For most high quality special graphite product were imported, 80% of them imported from Japan, the rest 20% imported from EU or America. During 2010-2011, some companies have expanded special graphite product lines, as the consequence, the output of special graphite have increased to 59 thousand tonnes, which was 102% growth in 2014. The output of special graphite industry was 61 thousand tonnes and the consumption volume was 200 thousand tonnes in 2015.

Special graphite can apply in PV solar industry, semiconductor industry, nuclear power industry, and aerospace industry. By estimated Chinese produced special graphite will capture more market share that the output could reach 92 thousand tonnes in 2021. Downstream demand of special graphite is relative constant; the consumption volume is about 248 thousand tonnes in 2021 by estimated.

1)The Aim of Report

To provide readers with comprehensive and in-depth understanding of Chinese special graphite product industry;

To analyze the market import and export of special graphite product industry;

To analyze the future trend of special graphite product industry;

To analyze industrial size of the industry;

To reveal opportunities for special graphite product industry in China.

2)Benefit from the Report

Obtain latest info of special graphite product industry, such as market size, price, key players, etc.;

Discover market potential in upstream, downstream;

Find out how Chinese special graphite market will change and how your business can be involved in;

Keep informed of your competitors/their activities in China;

Learn about key market drivers, investment opportunity ;

2. SCOPE OF INVESTIGATION

The report will investigate Chinese special graphite industry from the following aspects:

Market size

Demand and supply

Import and export

Industrial chain

Price

Bellwether company

Etc.

3. TIME NEEDED

2-3 work weeks needed.
