Abstracts

It takes 3-5 business days to dispatch the report after the purchase is made.

INTRODUCTION

The agricultural processing is gradually becoming the strategic industry in China. In the period of "12th Five- Year", the agricultural processing industry has gained considerable development. The revenue generated by agricultural processing achieved over RMB18 trillion, net profit obtained more than RMB1 trillion by the end of 2014.

There were 31 listed agricultural processing enterprises in 2015. The estimated output exceeded RMB20 trillion in 2015, accounted for around 18% of the total industrial output value.

Overall, the agricultural processing industry is in the intermediate stage, the enterprises should enhance technology innovation and application to catch the strategic opportunities in the next years.

1) The Aim of this report

To provide readers with comprehensive & in-depth understanding of China's agricultural processing industry;

To understand the development situation of agricultural processing industry in China;

Get more information of the major agricultural processing producers in China;

Gain insight into the major agricultural processing producers about operation;
