### 1. INTRODUCTION

Biopharmaceutical industry of China developed behind the leading countries, however, it is growing dramatically fast during past decades. Chinese government invested in biopharmaceuticals, as well as made the supporting policies. At present, biopharmaceutical industry is one of the leading industries in China.

There were 36 listed biopharmaceutical companies in 2015, the volume of sales reached RMB50.59 billion, and the net profit obtained RMB9.24 billion.

Keep pace with the development of latest biopharmaceutical technologies, this industry dominated the whole pharmaceutical industry. Meanwhile, the awareness of health life style of people has changed a lot, which focuses much more on preventions instead of therapy treatments. Those factors become incentives to the progress of biopharmaceutical enterprises.
