ID: MA29630A3E5EN

Abstracts

It takes 3-5 business days to dispatch the report after the purchase is made.

1. INTRODUCTION

Environmental pollution is increasing as the urbanization and industrialization; hence, the government invested more in environmental pollution control. The environmental protection industry gained a huge achievement since 2001. It developed a comprehensive industrial system covers environmental protection products, eco-infrastructure, environmental services and resources recycling.

In 2015, there were 3,5000 companies and 3 million employees in this field, which obtained sales volume around RMB46 billion with a growth rate of 17.24%.

Investment of the 13th Five-Year Plan will reach RMB17 trillion that is 3 times higher than the 12th Five-Year Plan's. People focus more on health and eco-environment, which could push environmental protection industry developing.

1) The Aim of this report

To provide readers with comprehensive & in-depth understanding of China's environmental protection industry;

To understand the development situation of environmental protection industry in China;

Get more information of the major environmental protection producers in China;
