### 1.INTRODUCTION

Household Wares industry incorporates furniture, kitchenware and bathroom supplies.

The house ware market is booming recent years and keeping a sustainable increasing trend. Furniture market took the biggest share in this industry while the home-decoration got a relative small share. Home-decoration and tableware were consumed faster when coming 2015.

As the change of people's consumption awareness that meets the ecofriendly society and resource saving, house ware industry will pay more attention on those requirements. What is more, housing improvements, reconstruction of the urban village and second child policy will bring more chances to house ware industry.
