Abstracts

According to the statistics, the output of China's asphalt was about 19.94 million tonnes in 2013, up 9.71% YoY. From Jan. to Nov. 2014, China's total import volume of asphalt reached 3.81 million tonnes, reaching the highest level. Among them, the July and August monthly import volume exceeded 400 thousand tonnes respectively. Leading to a surge of imported asphalt was mainly due to long-term prices remain relatively low of South Korea, Singapore and other import brands asphalt in 2014, little spread with domestic asphalt, even lower than domestic price of asphalt in some period of time.
