Abstracts

Aqua-Pure Ventures Inc. Fundamental Company Report provides a complete overview of the company's affairs. All available data is presented in a comprehensive and easily accessed format. The report includes financial and SWOT information, industry analysis, opinions, estimates, plus annual and quarterly forecasts made by stock market experts. The report also enables direct comparison to be made between Aqua-Pure Ventures Inc. and its competitors. This provides our Clients with a clear understanding of Aqua-Pure Ventures Inc. position in the [Commercial Services and Supplies](#) Industry.

The report contains detailed information about Aqua-Pure Ventures Inc. that gives an unrivalled in-depth knowledge about internal business-environment of the company: data about the owners, senior executives, locations, subsidiaries, markets, products, and company history.

Another part of the report is a SWOT-analysis carried out for Aqua-Pure Ventures Inc.. It involves specifying the objective of the company's business and identifies the different factors that are favorable and unfavorable to achieving that objective. SWOT-analysis helps to understand company's strengths, weaknesses, opportunities, and possible threats against it.

The Aqua-Pure Ventures Inc. financial analysis covers the income statement and ratio trend-charts with balance sheets and cash flows presented on an annual and quarterly basis. The report outlines the main financial ratios pertaining to profitability, margin analysis, asset turnover, credit ratios, and

company's long-term solvency. This sort of company's information will assist and strengthen your company's decision-making processes.

In the part that describes Aqua-Pure Ventures Inc. competitors and the industry in whole, the information about company's financial ratios is compared to those of its competitors and to the industry. The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.

Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Aqua-Pure Ventures Inc. business.

About Aqua-Pure Ventures Inc.

American Safety Razor Co., (the company) was established in 1875. The Company together with its subsidiaries is a manufacturer of high-quality private label and value brand consumer products.

The company conducts its business operations in three product segments: Razors and Blades; Cotton and Foot Care; and Custom Bar Soap. Within the Razors and Blades segment the company offers three product lines: Consumer Shaving Razors and Blades; Blades and Bladed Hand Tools; and Specialty Industrial and Medical Blades.

Products

Consumer Shaving Razors and Blades: The company designs, manufactures and markets a full line of shaving razors and blades, including single-edge, double-edge and injector blades, twin-blade fixed and pivoting head cartridges, moving-blade cartridges, three-blade cartridges, disposables, single-edge razors, women's shaving razors and special-purpose shaving blades. The company provides both total shaving systems and components which can be used alone or with most other nationally recognized premium brands.

Blades and Bladed Hand Tools: The company designs, manufactures and markets replacement blades and bladed hand tools, such as single-edge blades, utility blades and knives, carpet blades and knives and paint scrapers primarily under Personna®, American Line™ and Ardell™ brand names.

Specialty Industrial and Medical Blades: The company designs, manufactures and markets disposable blades for both the industrial and medical markets. The company's products are specially designed for niche industrial applications. These specialty industrial blades perform many of the cutting, slicing or chopping functions involved in manufacturing processes employed by a variety of industries including food processing, fiber cutting and automotive. The company manufactures and markets carbon and stainless-steel surgical blades, disposable scalpels and surgical prep blades for the U.S. health care markets under the Personna® brand name.

Cotton and Foot Care: The company manufactures and distributes cotton swabs, cotton balls and puffs and cotton cosmetic pads. In addition, the company also manufactures cotton roll, foot care products and pocket tissue. All of these products are sold under Personna®, Megas®, ACCO®, Cottonettes® and Crystal® brands.

Custom Bar Soap: The company manufactures custom-designed and formulated bar soap for sale to a broad variety of pharmaceutical, skin care and department store customers, primarily under such customers' own brand names.

Competition

The company's major competitors in the shaving razor and blade market are Gillette, the Schick Division of Pfizer and Societe Bic, S.A. In the blades and bladed hand tools and specialty industrial blades markets, the company's major competitors are I.B.U. and U.S. Blades. In cotton swabs, cotton balls, puffs, cotton cosmetic pads, pharmaceutical and beauty coils and foot care products, the company's major competitors are Chesebrough-Pond's, Johnson & Johnson and Dr. Scholl's.

The above Company Fundamental Report is a half-ready report and contents are subject to change.

It means that we have all necessary data in our database to prepare the report but need **2-3 days** to complete it. During this time we are also updating the report with respect to the current moment. So, you can get all the most recent data available for the same price. Please note that preparation of additional types of analyses requires extra time.

ANALYSIS FEATURES

SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

Key Factors Examined by PESTEL Analysis:

Political – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

Economic – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

Sociological – What cultural and societal aspects will work upon the demand for the business's products and operations?

Technological – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

Environmental – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

Legal – What laws and legislation will exert influence on the style the business is carried out?

IFE, EFE, IE Matrices

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

Porter Five Forces Analysis

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

VRIO Analysis

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

Reputation

Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
