- In the part that describes Blount International Inc. competitors and the industry in whole, the information about company's financial ratios is compared to those of its competitors and to the industry. The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.
- Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Blount International Inc. business.

### About Blount International Inc.

Blount International, Inc., an international industrial company, manufactures equipment, accessories, and replacement parts to the global forestry, yard care, and general contractor industries.

### Outdoor Products Segment

The Outdoor Products segment manufactures and markets cutting chain, guide bars, sprockets and

accessories for chainsaw use, concrete-cutting equipment and accessories and lawnmower blades. This segment also markets branded parts and accessories for the lawn and garden equipment market, such as cutting line for line trimmers, lubricants and small engine replacement parts. The segment's products are sold to original equipment manufacturers (OEMs) for use on new chainsaws and lawn and garden equipment, and to the retail replacement market through distributors, dealers and mass merchants. Chainsaw cutting chain, guide bars and other items are sold under its brand names to the chainsaw OEMs worldwide.

**Chainsaw Cutting Chain, Bars, Sprockets, and Accessories:** These products are sold under the Oregon, Carlton, Windsor, and Tiger brands, as well as private labels for its OEM customers. Product lines include a range of cutting chain, chainsaw guide bars, cutting chain drive sprockets and maintenance tools used primarily on portable gasoline and electric chainsaws, and mechanical timber harvesting equipment.

**Lawn and Garden Products:** These products are sold under the Oregon brand name, as well as private labels for its OEM customers. The product line includes various cutting attachments, spare parts and accessories to service the lawn and garden industry. The company manufactures lawnmower and edger cutting blades. These lawn and garden equipment parts include lawnmower blades to fit a variety of machines and cutting conditions, as well as replacement parts that meet product specifications of OEMs.

**Construction Products:** The ICS product line includes specialized concrete-cutting equipment for construction markets. The principal product is a proprietary diamond-segmented chain, which is used on gasoline and hydraulic powered saws and equipment. ICS also markets and distributes branded gasoline and hydraulic powered concrete-cutting chainsaws and circular saws to its customers. The power heads for these saws are manufactured by a third party.

#### Gear Products

The company's wholly-owned subsidiary, Gear Products, Inc. (Gear Products), manufactures rotation bearings, worm gear reducers, hydraulic pump drives, swing drives and winches. These products are used by heavy equipment OEMs for the construction, utility, environmental, and forestry industries. The company also sells these products in the replacement parts market in addition to its sales to OEMs.

#### History

Blount International, Inc. was founded in 1946.

The above Company Fundamental Report is a half-ready report and contents are subject to change. It means that we have all necessary data in our database to prepare the report but need **2-3 days** to complete it. During this time we are also updating the report with respect to the current moment. So, you can get all the most recent data available for the same price. Please note that preparation of additional types of analyses requires extra time.
