term solvency. This sort of company's information will assist and strengthen your company's decision-making processes.

In the part that describes Blue Gem Enterprise competitors and the industry in whole, the information about company's financial ratios is compared to those of its competitors and to the industry. The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.

Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Blue Gem Enterprise business.

## **About Blue Gem Enterprise**

Blue Gem Enterprise, Inc. operates as a direct store beverage distribution company. The company intends to manage and distribute select allied brands on an exclusive basis pursuant to agreements with manufacturers of non-alcoholic beverages. The company operates in various areas of the non-alcohol beverage industry, including ice teas, juices, nutritional shakes, energy shots, sports drinks, and selective food products.

### **Products**

The company's main distribution product is Title Sports Drink, which is a natural sports drink. Title Sports Drink is also called Title Run (which comes in three flavors, Berry, Optimal Orange, and Lemon Frenzy). Additionally, as a result of the distribution agreement, the company has the right of first refusal to distribute additional products and/or Title Sport Drink brands which The Electric Beverage Company, Inc. (EBC) may choose to produce and distribute in the future.

### **Additional Products**

The company's product distribution offerings also include refrigerated dairy products, fresh produce and food and beverages to a myriad of chain stores, local and regional

independents, as well as super stores like Publix Supermarkets, located in Florida. In May 2010, the company began distributing milk in the south Florida area through an understanding with American Fruit & Produce Corp. (AFP). Additionally, in July 2010, the company began distributing produce (including watermelon and other fruit) through a verbal agreement with AFP. The company distributes produce, milk, other dairy products, and fruit through verbal agreements with AFP.

The company also distributes the following products, in addition to Title Sports Drink and those distributed through AFP: Harvest Fresh Products (nut and snack bars, namely Wings of Nature Bars); Apple Rush (an apple flavored fruit beverage); and Xingtea (a natural tea beverage). In June 2010, the company entered into a distribution agreement with Abbott Nutrition (Abbott) to become Abbott's distributor to distribute and sell certain Myoplex shake and protein products to retailers in certain counties throughout Florida.

## Customers

The company's major customers include Walgreens and Publix.

## Competition

The company's direct regional and national competitors include Dean Foods, a national distributor of food and beverage; Weyand Food Distributors, a distributor of fresh fruits and vegetables, dairy products and other produce throughout Florida; Cheney Brothers Distribution, which distributes various products throughout the southeast United States; and Florida National Distribution.

The above Company Fundamental Report is a half-ready report and contents are subject to change.

## ANALYSIS FEATURES

### SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

### Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

### PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

## Key Factors Examined by PESTEL Analysis:

**Political** – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

**Economic** – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

**Sociological** – What cultural and societal aspects will work upon the demand for the business's products and operations?

**Technological** – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

**Environmental** – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

**Legal** – What laws and legislation will exert influence on the style the business is carried out?

## **IFE, EFE, IE Matrices**

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

## **Porter Five Forces Analysis**

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

## **VRIO Analysis**

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

## Reputation

### Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
