Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Candlewood Hotel Co. Inc. business.

About Candlewood Hotel Co. Inc.

Candlewood Hotel Company, Inc., incorporated in Delaware in 1996, owns, operates, franchises and manages business-travel hotels. The company's hotel properties cater to mid-market and upscale business and personal travelers seeking multiple night stays. At December 31, 2002, it had 77 company-operated hotels (which is comprised of owned, leased and joint venture hotels), two managed hotels and 30 franchised hotels. In addition, at December 31, 2002, franchisees had six new hotels under construction.

Brands

The company operates two brands in the lodging market - Candlewood Suites and Cambridge Suites.

Candlewood Suites

Candlewood Suites hotels offer spacious accommodations at competitive rates that is attractive to mid-market business and personal travelers. Each Candlewood Suites hotel is comprised of studios and one-bedroom suites, both of which contain business and other amenities consistent with amenities found in upscale, full-service hotels. Up to 25% of the rooms in a standard Candlewood Suites hotel are one-bedroom suites,

which are approximately 525 square feet, and are designed to accommodate guests who desire a bedroom separated from the kitchen and office area.

Cambridge Suites

Cambridge Suites hotels offer spacious accommodations at competitive rates that are attractive to upscale-market business and personal travelers. Each Cambridge Suites hotel offers Candlewood values; a recreational facility (such as a swimming pool or fitness center) or access to one; a full kitchen in every suite; a complimentary 'cooked to order' breakfast; and a hospitality area for breakfast and socializing.

Franchising Operations

The company has established a national franchising program. Candlewood Suites franchise efforts are focused on new construction whereas Cambridge Suites by Candlewood targets conversion of existing upscale suite hotels. At December 31, 2002, the company had 27 Candlewood Suites franchise hotels open, six hotels under construction and 20 executed franchise agreements for hotels not yet under construction.

Hotel Joint Ventures

As of December 31, 2002, the company had nine joint venture hotels that it had developed with third parties. Eight joint venture hotels were developed under an agreement with Boston Capital and Mass Mutual. The remaining joint venture hotel is located on the campus of Michigan State University in East Lansing, Michigan. All of the joint venture hotels are Candlewood Suites franchise hotels, which the company operates under separate management agreements.

Hotel Management

In addition to the company's company-operated hotels, it manages hotels owned by third parties. As of December 31, 2002, the company managed two such properties; one Cambridge Suites hotel and one non-Candlewood brand hotel, the Hotel at Old Town, both located in Wichita, Kansas.

Lease of Hotels

The company completed four separate sale-leaseback transactions with Hospitality

Properties Trust, a Maryland real estate investment trust.

The above Company Fundamental Report is a half-ready report and contents are subject to change.

It means that we have all necessary data in our database to prepare the report but need **2-3 days** to complete it. During this time we are also updating the report with respect to the current moment. So, you can get all the most recent data available for the same price. Please note that preparation of additional types of analyses requires extra time.

ANALYSIS FEATURES

SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

Enhanced SWOT Analysis

Enhanced SWOT is a 3×3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

Key Factors Examined by PESTEL Analysis:

Political – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

Economic – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

Sociological – What cultural and societal aspects will work upon the demand for the business's products and operations?

Technological – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

Environmental – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

Legal – What laws and legislation will exert influence on the style the business is carried out?

IFE, EFE, IE Matrices

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

Porter Five Forces Analysis

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

VRIO Analysis

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

Reputation

Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?
Rare?
Costly to imitate?
Organized properly?
