term solvency. This sort of company's information will assist and strengthen your company's decision-making processes.

In the part that describes Capella Education Co. competitors and the industry in whole, the information about company's financial ratios is compared to those of its competitors and to the industry. The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.

Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Capella Education Co. business.

### **About Capella Education Co.**

Capella Education Company operates as an online post-secondary education services company in the United States.

The company, through its wholly owned subsidiary, Capella University, offers various doctoral, master's and bachelor's programs in various markets, including behavioral health and human services, business management and technology, education and public service leadership. As of December 31, 2009, the company offered 36 academic programs with 124 specializations to approximately 34,000 learners.

#### **Learner Support Services**

The company provides learner support services, both online and telephonically. Its support services include academic services, such as advising, writing, tutoring and research services; administrative services, such as online class registration and transcript requests; library services; financial aid counseling; and career counseling services.

**Academic Services:** The company provides learners with various services designed to support their academic studies. These services include new learner orientation,

technical support, academic advising, research services (particularly for doctoral degree candidates), writing services and other online tutoring. It also provides appropriate educational accommodations to learners with documented disabilities through its disability support services team.

**Academic Services:** The company provides learners with various services designed to support their academic studies. These services include new learner orientation, technical support, academic advising, research services (particularly for doctoral degree candidates), writing services and other online tutoring. It also provides appropriate educational accommodations to learners with documented disabilities through its disability support services team.

**Administrative Services:** The company provides learners with the ability to access various administrative services both telephonically and via the Internet. Its financial aid counselors provide personalized online and telephonic support to its learners.

**Library Services:** The company provides learners with online access to the Capella University Library. Its library provides learners with access to a collection of online journals, eBooks and interlibrary loan services. Its team of librarians is available via e-mail and phone to help with research, teaching and learning. They offer tutorials, virtual instruction sessions, consultations on research assignments and online research guides. Librarians also attend its residential colloquia to teach library instruction sessions and offer one-on-one research appointments. The company's interlibrary loan services are provided through its relationship with the University of Michigan.

**Career Counseling Services:** The company's staff of professional career counselors use various tools, including individualized phone, e-mail and face-to-face communications, online newsletters, online seminars and conference calls to provide career planning services to learners and alumni. Its counselors also assist its recruitment staff with prospective learners' selection of the Capella University program and specialization that suits their professional aspirations.

## Competition

The company's competitors include both traditional and proprietary colleges and universities offering online programs, such as American Public University, Argosy University, DeVry University, Grand Canyon University, Strayer University, University of Phoenix, and Walden University.

## History

Capella Education Company was founded in 1991.

## ANALYSIS FEATURES

### SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

### Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

### PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

## Key Factors Examined by PESTEL Analysis:

**Political** – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

**Economic** – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

**Sociological** – What cultural and societal aspects will work upon the demand for the business's products and operations?

**Technological** – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

**Environmental** – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

**Legal** – What laws and legislation will exert influence on the style the business is carried out?

## **IFE, EFE, IE Matrices**

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

## **Porter Five Forces Analysis**

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

## **VRIO Analysis**

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

## Reputation

### Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
