Such information creates your awareness about principal trends of CBS Corporation business.

About CBS Corporation

CBS Corporation operates as a mass media company in the United States. The company's segments include Entertainment, Cable Networks, Publishing, Local Broadcasting, and Outdoor.

ENTERTAINMENT

This segments consists of the CBS Television Network; CBS Television Studios; CBS Studios International; CBS Television Distribution; CBS Films; and CBS Interactive.

Television Network: The CBS Television Network through CBS Entertainment, CBS News and CBS Sports distributes a schedule of news and public affairs broadcasts, sports and entertainment programming to approximately 200 domestic affiliates reaching throughout the U.S., including 16 of the company's owned and operated television stations, and to affiliated stations in certain U.S. territories.

CBS Entertainment is responsible for acquiring or developing and scheduling the entertainment programming presented on the CBS Television Network, which includes primetime comedy and drama series, reality-based programming, specials, children's programs, daytime dramas, game shows and late-night programs. CBS News operates

a worldwide news organization, providing the CBS Television Network and the CBS Radio Network with regularly scheduled news and public affairs broadcasts, including 60 Minutes, CBS Evening News with Katie Couric and The Early Show, as well as special reports. CBS News Productions, the off-network production company created by CBS News, produces programming for domestic and international outlets, including the CBS Television Network, cable television, home video, audio-book and in-flight markets, as well as schools and libraries. CBS News also provides CBS Newspath, a television news syndication service that offers daily news coverage, sports highlights and news features to the CBS Television Network affiliates and other subscribers worldwide. CBS Sports broadcasts include The NFL Today, certain NCAA championships, including the Final Four, golf, including the Masters Tournament and the PGA Championship, the U.S. Open Tennis Championships, regular-season college football and basketball line-ups on network television, in addition to the NFL's American Football Conference regular season schedule, the Postseason Divisional Playoff games and the AFC championship game. CBS Sports has rights extensions with the NFL to broadcast the AFC through the 2013 season, including the broadcast of the 2010 Super Bowl and the 2013 Super Bowl. CBS Home Entertainment licenses home video rights and CBS Consumer Products licenses merchandising rights.

The CW's programming includes Gossip Girl, 90210, The Vampire Diaries and America's Next Top Model. Nine of the company's owned television stations are affiliates of The CW.

Television Production and Syndication: The company, through CBS Television Studios, CBS Studios International and CBS Television Distribution, produces, acquires, and/or distributes programming worldwide, including series, specials, news and public affairs. Such programming is produced primarily for broadcast on network television, exhibition on basic cable and premium subscription services or distribution via first-run syndication. The company also distributes off-network syndicated programming, which is programming exhibited on television stations or cable networks following its exhibition on a network, basic cable network or premium subscription service.

Programming that was produced or co-produced by the company's production group and is broadcast on network television includes CSI, such as Crime Scene Investigation (CBS), NCIS: Los Angeles (CBS), The Good Wife (CBS), and 90210 (The CW).

In off-network syndication, the company distributes series, such as CSI:, CSI: Miami, CSI: NY, Everybody Hates Chris, Criminal Minds and Survivor, as well as a library of older television programs. The company also produces and/or distributes first-run

syndicated series, such as Jeopardy!

ANALYSIS FEATURES

SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

Key Factors Examined by PESTEL Analysis:

Political – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

Economic – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

Sociological – What cultural and societal aspects will work upon the demand for the business's products and operations?

Technological – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

Environmental – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

Legal – What laws and legislation will exert influence on the style the business is carried out?

IFE, EFE, IE Matrices

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

Porter Five Forces Analysis

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

VRIO Analysis

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

Reputation

Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
