The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Chamberlin plc business.

About Chamberlin plc

Chamberlin plc, a foundry and engineering company, together with and its subsidiaries, engages in the production and sale of iron castings in various sizes and metal grades primarily in the United Kingdom. The company also engages in the manufacture and sale of light engineering products for safety and security markets. It offers iron castings for the automotive industry applications, such as turbochargers, power steering pumps, and hydraulic pumps, as well as other markets; emergency exit equipment and architectural hardware products directed at the DIY and construction markets; and cable management

products, such as lighting and switchgear systems associated with petrochemicals and construction applications. The company also provides door furniture products used in office developments, restaurants, colleges, and various private and publicly used buildings. In addition, it offers door hardware, hazardous area lighting, and control gear; and low volume castings in specialist grades of grey, ductile, and alloyed iron, as well as steel castings for various applications, including power generation, railways, bearing housings, steelworks, construction, transport, and compressors. Chamberlin plc was founded in 1890 and is headquartered in Walsall, the United Kingdom.
