The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of City National Corp. business.

### **About City National Corp.**

City National Corporation operates as the holding company for City National Bank. The company provides a range of banking, investing, and trust services to small to mid-sized businesses, entrepreneurs, professionals, and affluent individuals.

The company offers various lending, deposit, cash management, international banking, equipment financing, and other products and services in Southern California, the San Francisco Bay area, Nevada and New York City. As of December 31, 2009, the company had seven consolidated investment advisory affiliates and a non controlling interest in two other firms. The company is headquartered in Los Angeles, California and operates through 72 offices, including 16 full-service regional centers, in Southern California, the San Francisco Bay area, Nevada, and New York City.

### **Segments**

The company has three segments, Commercial and Private Banking, Wealth Management, and Other. All investment advisory affiliates and the bank's Wealth Management Services are included in the Wealth Management segment.

**Commercial and Private Banking segment: The Commercial and Private Banking**

segment provides banking products and services, including commercial and mortgage loans, lines of credit, deposits, cash management services, international trade finance and letters of credit to small and medium-sized businesses, entrepreneurs and affluent individuals. This segment primarily serves clients in California, New York and Nevada.

**Wealth Management segment:** The Wealth Management segment and its asset management subsidiaries make available the following investment advisory and wealth management resources: Investment management and advisory services and brokerage services, including portfolio management, securities trading and asset management; personal and business trust and investment services, including employee benefit trust services, 401(k) and defined benefit plans; and estate and financial planning and custodial services.

The company also advises and makes available mutual funds under the name of CNI Charter Funds. Its asset management subsidiaries and Wealth Management segment provide both proprietary and nonproprietary products to offer a spectrum of asset classes and investment styles, including fixed-income instruments, mutual funds, domestic and international equities, and alternative investments, such as hedge funds. Investment services are provided to institutional, as well as individual clients.

### Loan Portfolio

The company's loan portfolio includes multifamily residential and commercial real estate loans, commercial loans, including lease financing, and commercial real estate mortgage loans, construction loans, residential mortgage loans.

### Investment Portfolio

The company's investment portfolio, as of December 31, 2009, included U.S. Treasury, Federal agency—Debt, Federal agency—MBS, CMOs—Federal agency, CMOs—Non-agency, State and municipal securities, and other debt securities.

### Deposits

The company's deposit products include interest bearing deposits, including interest checking accounts, money market accounts, savings deposits, and time deposits; and non-interest bearing deposits.

### Acquisitions

In 2009, the company acquired an approximate 57 percent majority interest in Lee Munder Capital Group LLC, a Boston based investment firm that manages assets for corporations, pensions, endowments, and affluent households.

In 2009, the company acquired the banking operations of Imperial Capital Bank.

## ANALYSIS FEATURES

### SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

### Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

### PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

## Key Factors Examined by PESTEL Analysis:

**Political** – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

**Economic** – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

**Sociological** – What cultural and societal aspects will work upon the demand for the business's products and operations?

**Technological** – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

**Environmental** – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

**Legal** – What laws and legislation will exert influence on the style the business is carried out?

## **IFE, EFE, IE Matrices**

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

## **Porter Five Forces Analysis**

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

## **VRIO Analysis**

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

## Reputation

### Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
