SWOT-analysis helps to understand company's strengths, weaknesses, opportunities, and possible threats against it.

The Coca-Cola Bottling Co. Consolidated financial analysis covers the income statement and ratio trend-charts with balance sheets and cash flows presented on an annual and quarterly basis. The report outlines the main financial ratios

pertaining to profitability, margin analysis, asset turnover, credit ratios, and company's long-term solvency. This sort of company's information will assist and strengthen your company's decision-making processes.

In the part that describes Coca-Cola Bottling Co. Consolidated competitors and the industry in whole, the information about company's financial ratios is compared to those of its competitors and to the industry. The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.

Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Coca-Cola Bottling Co. Consolidated business.

## **About Coca-Cola Bottling Co. Consolidated**

Coca-Cola Bottling Co. Consolidated engages in the production, marketing, and distribution of carbonated nonalcoholic beverages, primarily products of The Coca-Cola Company.

### **Operations**

The company's nonalcoholic beverage products can be broken down into two categories: sparkling beverages, including beverages with carbonation, including energy drinks; and still beverages, including beverages without carbonation, including bottled water, tea, ready-to-drink coffee, enhanced water, juices, and sports drinks.

The company holds Cola Beverage Agreements and Allied Beverage Agreements under which it produces, distributes and markets, in certain regions, sparkling beverage products of The Coca-Cola Company. The company also holds Still Beverage Agreements under which it distributes and markets in certain regions still beverages of The Coca-Cola Company, such as POWERade, vitaminwater, and Minute Maid Juices To Go; and produces, distributes, and markets Dasani water products.

The company holds agreements to produce and market Dr Pepper in its regions. It also distributes and markets various other products, including Monster Energy products, Cinnabon Premium Coffee Lattes, and Sundrop. In addition, the company also produces beverages for other Coca-Cola bottlers.

The company's principal sparkling beverage is Coca-Cola. It offers a range of flavors designed to serve the needs of its consumers. In addition, the company provides restaurants and other immediate consumption outlets with fountain products (post-mix). Fountain products are dispensed through equipment that mixes the fountain syrup with carbonated or still water, enabling fountain retailers to sell finished products to consumers in cups or glasses. It also owns, markets, and distributes products, such as Country Breeze tea, diet Country Breeze tea, and Tum-E Yummies, a vitamin C enhanced flavored drink. Tum-E Yummies is distributed nationally by Coca-Cola Enterprises Inc. and certain other Coca-Cola franchise bottlers.

The company is distributing Campbell Soup Company (Campbell) fruit and vegetable juice beverages under an interim sub-distribution agreement with The Coca-Cola Company. It purchases Campbell beverages from a subsidiary of Campbell under a separate purchase agreement.

The company holds bottling rights from The Coca-Cola Company covering the majority of North Carolina, South Carolina and West Virginia, and portions of Alabama, Mississippi, Tennessee, Kentucky, Virginia, Pennsylvania, Georgia, and Florida.

### Customers and Marketing

The company's products are sold and distributed directly to retail stores and other outlets, including food markets, institutional accounts, and vending machine outlets. Its major customers are Wal-Mart Stores, Inc. and Food Lion, LLC.

### Competition

The company's competitors include the local bottler of Pepsi-Cola and the local bottler of Dr Pepper, Royal Crown, and/or 7-Up products.

### History

Coca-Cola Bottling Co. Consolidated was founded in 1902.

The above Company Fundamental Report is a half-ready report and contents are subject to change.

It means that we have all necessary data in our database to prepare the report but need **2-3 days** to complete it. During this time we are also updating the report with respect to the current moment. So, you can get all the most recent data available for the same price. Please note that preparation of additional types of analyses requires extra time.

## ANALYSIS FEATURES

### SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

### Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

### PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

### Key Factors Examined by PESTEL Analysis:

**Political** – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

**Economic** – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

**Sociological** – What cultural and societal aspects will work upon the demand for the business's products and operations?

**Technological** – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

**Environmental** – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

**Legal** – What laws and legislation will exert influence on the style the business is carried out?

### **IFE, EFE, IE Matrices**

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

## **Porter Five Forces Analysis**

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

## **VRIO Analysis**

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

## Reputation

### Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
