Such information creates your awareness about principal trends of Coldwater Creek Inc. business.

About Coldwater Creek Inc.

Coldwater Creek Inc. operates as a specialty retailer of women's apparel, accessories, jewelry, and gift items sold under the 'Coldwater Creek' brand.

Segments

The company serves customers through Retail and Direct segments.

Retail segment

As of January 30, 2010, the company operated 356 premium retail stores throughout the United States. These retail stores averaged approximately 5,922 total square feet as of as of January 30, 2010. Approximately 43 percent of these stores are located in traditional malls, 52 percent in lifestyle centers and 5 percent in street locations. In addition to 356 premium retail stores, the company also operated 36 merchandise clearance outlets, as of December 31, 2009.

The company also operates Coldwater Creek ~ The Spa concept in nine locations. These spas offer a menu of spa treatments, including massages, facials, body treatments, manicures and pedicures. In addition to spa treatments, the day spas carry

an assortment of relevant apparel, as well as lines of personal care products for women.

Direct segment

Direct segment consists of sales generated through e-commerce web site and from orders taken from customers over the phone or through the mail. The company uses its e-commerce web site, www.coldwatercreek.com, to provide another shopping alternative for customers. The web site features the full-price merchandise offering found in the company's catalogs. It also serves as a promotional vehicle for the disposition of excess inventory.

Competition

The company's competitors range from specialty apparel retail companies, such as Chico's, Talbots, Christopher & Banks and Ann Taylor to small single channel catalog, e-commerce and retail store companies. It also competes with national department store chains, such as Macy's, Nordstrom, Dillard's and JC Penney, along with discount retailers that offer women's apparel and accessories, such as Kohl's and Target.

History

Coldwater Creek Inc. was founded in 1984.

ANALYSIS FEATURES

SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

Key Factors Examined by PESTEL Analysis:

Political – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

Economic – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

Sociological – What cultural and societal aspects will work upon the demand for the business's products and operations?

Technological – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

Environmental – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

Legal – What laws and legislation will exert influence on the style the business is carried out?

IFE, EFE, IE Matrices

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

Porter Five Forces Analysis

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

VRIO Analysis

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

Reputation

Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
