Abstracts

Copper Ridge Explorations, Inc. Fundamental Company Report provides a complete overview of the company's affairs. All available data is presented in a comprehensive and easily accessed format. The report includes financial and SWOT information, industry analysis, opinions, estimates, plus annual and quarterly forecasts made by stock market experts. The report also enables direct comparison to be made between Copper Ridge Explorations, Inc. and its competitors. This provides our Clients with a clear understanding of Copper Ridge Explorations, Inc. position in the Industry.

The report contains detailed information about Copper Ridge Explorations, Inc. that gives an unrivalled in-depth knowledge about internal business-environment of the company: data about the owners, senior executives, locations, subsidiaries, markets, products, and company history.

Another part of the report is a SWOT-analysis carried out for Copper Ridge Explorations, Inc.. It involves specifying the objective of the company's business and identifies the different factors that are favorable and unfavorable to achieving that objective. SWOT-analysis helps to understand company's strengths, weaknesses, opportunities, and possible threats against it.

The Copper Ridge Explorations, Inc. financial analysis covers the income statement and ratio trend-charts with balance sheets and cash flows presented on an annual and quarterly basis. The report outlines the main financial ratios pertaining to profitability, margin analysis, asset turnover, credit ratios, and

company's long-term solvency. This sort of company's information will assist and strengthen your company's decision-making processes.

In the part that describes Copper Ridge Explorations, Inc. competitors and the industry in whole, the information about company's financial ratios is compared to those of its competitors and to the industry. The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.

Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Copper Ridge Explorations, Inc. business.

About Copper Ridge Explorations, Inc.

Copper Ridge Explorations Inc., an exploration stage company, engages in the exploration and development of mineral properties. The company owns or has the option to acquire an interest in 12 mineral properties in Alaska, Yukon, and British Columbia.

Scheelite Dome Property, Yukon

Scheelite Dome is a 100% owned gold exploration property located 25 kilometres northwest of Mayo, in the Mayo Mining District, central Yukon Territory. The Scheelite Dome Property consists of 508 mineral claims, covering an area of approximately 10,000 hectares.

Lucky Joe Property, Yukon

The company has a 100% interest in Lucky Joe, a copper-gold exploration property consisting of 548 claims, covering 9,000 hectares, located 50 kilo meters south of Dawson City in the Dawson Mining District, Yukon.

Yukon Olympic Property, Yukon

The Yukon Olympic property consists of 272 claims covering an area of approximately 5,350 hectares located on the Dempster Highway. It owns a 100% interest in the Yukon Olympic property.

Ironman Property, Yukon

The Ironman property, located in the Mayo Mining District, 160 km northeast of Dawson City, consists of 86 claims covering an area of approximately 1,750 hectares.

Clear Lake Property, Yukon

In 2008, the company announced that it had agreed to terms whereby it may acquire a 100% interest in the Clear Lake zinc-lead-silver deposit. The initial claim group of 7 claims was expanded by the company to a total of 121 claims covering approximately 2,400 hectares.

Kalzas Property, Yukon

The company has a 100% interest in the Kalzas tungsten Property. The property consists of 8 claims in the Mayo Mining District located 290 kilo meters north of Whitehorse. It has an agreement with Prospector Consolidated Resources Inc. whereby Prospector would have the right to earn a 100% interest in the Kalzas property.

Borealis Uranium Property, Yukon

The company has an option to purchase a 100% interest in the Borealis Uranium Property located 50 kilo meters north east of Dawson City, Dawson Mining District. The Borealis Property covers the Deadman Stock, a mid Cretaceous multiphase granitic unit of the Tombstone Suite intrusive complex.

Babine Properties, British Columbia

The Babine properties include both the NAK and Dorothy options and cover an area of 9,050 hectares located 80 kilo meters northeast of Smithers, British Columbia, in the Omenica Mining Division.

Copper Ace Properties, British Columbia

The company has a 100% interest in the Copper Ace North, Copper Ace South and

Copper King properties, covering porphyry-style targets that adjoin the Gibraltar copper-molybdenum mine located 45 kilo meters north of Williams Lake, in the Cariboo Mining Division.

Joss'alun Property, British Columbia

The company owns 100% of the Joss'alun Property which consists of 27 MTO claims for a total of 600 hectares in the Atlin Mining Division.

Willoughby Property, British Columbia

The company has an option to purchase 100% of the Willoughby gold–silver property located 26 kilometres east of Stewart in the Stewart Mining Division. The Willoughby property consists of three claims totaling approximately 1,300 hectares.

Ogopogo Property, Alaska

The company has a 100% interest in 110 mining claims, covering approximately 3,200 hectares, located in the Goodpaster Mining District, east-central Alaska.

Quitovac Property, Mexico

The company has an agreement to acquire a 100% interest in Quitovac Mining Company Limited.

ANALYSIS FEATURES

SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

Key Factors Examined by PESTEL Analysis:

Political – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

Economic – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

Sociological – What cultural and societal aspects will work upon the demand for the business's products and operations?

Technological – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

Environmental – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

Legal – What laws and legislation will exert influence on the style the business is carried out?

IFE, EFE, IE Matrices

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

Porter Five Forces Analysis

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

VRIO Analysis

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

Reputation

Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
