## **Abstracts**

Cream Minerals Ltd. Fundamental Company Report provides a complete overview of the company's affairs. All available data is presented in a comprehensive and easily accessed format. The report includes financial and SWOT information, industry analysis, opinions, estimates, plus annual and quarterly forecasts made by stock market experts. The report also enables direct comparison to be made between Cream Minerals Ltd. and its competitors. This provides our Clients with a clear understanding of Cream Minerals Ltd. position in the Industry.

The report contains detailed information about Cream Minerals Ltd. that gives an unrivalled in-depth knowledge about internal business-environment of the company: data about the owners, senior executives, locations, subsidiaries, markets, products, and company history.

Another part of the report is a SWOT-analysis carried out for Cream Minerals Ltd.. It involves specifying the objective of the company's business and identifies the different factors that are favorable and unfavorable to achieving that objective. SWOT-analysis helps to understand company's strengths, weaknesses, opportunities, and possible threats against it.

The Cream Minerals Ltd. financial analysis covers the income statement and ratio trend-charts with balance sheets and cash flows presented on an annual and quarterly basis. The report outlines the main financial ratios pertaining to profitability, margin analysis, asset turnover, credit ratios, and company's long-

term solvency. This sort of company's information will assist and strengthen your company's decision-making processes.

In the part that describes Cream Minerals Ltd. competitors and the industry in whole, the information about company's financial ratios is compared to those of its competitors and to the industry. The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.

Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Cream Minerals Ltd. business.

### **About Cream Minerals Ltd.**

Cream Minerals Ltd. engages in the acquisition and exploration of mineral properties located in Canada and Mexico.

#### Mexico Exploration Properties

**The Nuevo Milenio Property, Nayarit, Mexico:** The Nuevo Milenio property is located south east of the city of Tepic in the State of Nayarit, Mexico. The property totals 2,560 hectares (Ha).

#### Canada Exploration Properties

**Kaslo Silver Property:** The company's 100% owned Kaslo Silver Property encompasses nine former high-grade silver-lead-zinc mines located in south-eastern British Columbia, Canada. The property consists of 7 modified grid claims, 13 crown grants, 8 reverted crown grants, 37 two-post claims, and 1 mining lease of 3 units, for a total 160 units. The property covers approximately 4,000 hectares.

**Black Bear Group of Claims:** The Black Bear claims are located immediately north of and are contiguous with the Bismark Claims. The property comprises a 3-claim mining

lease and three reverted, crown-granted mineral claims situated approximately 600 meters along strike to the north of the former Cork-Province Mine on the adjacent Bismark Claims. The property encompasses three former silver producers, the Mastodon, Liberty, and Black Bear workings.

**Black Fox Claims:** The company has purchased a 100% interest in the Black Fox Claims located near Kaslo, British Columbia. The property comprises three crown-granted mineral claims: the Daisy, Black Fox, and California.

**Goldsmith Property, British Columbia:** The company holds an option to acquire a 100% interest in the Goldsmith property comprised of the Goldsmith and Lucky Jack properties located near Kaslo, British Columbia.

#### Manitoba Properties – Manitoba, Canada

**Blueberry Property, Manitoba:** The company entered into an option agreement to acquire the Blueberry property and it staked additional claims which have been appended to the option agreement. The property is located approximately 20 kilometers north-east of Flin Flon, Manitoba.

**Wine Nickel-Copper Property, Manitoba:** The company has entered into an option agreement, as amended, to acquire 100% interest in the Wine Claim, MB 3964 and Wine 1 Claim, all located approximately 60 kilometers southeast of Flin Flon, Manitoba.

**Stephens Lake Property (Trout Claim Group):** The Trout Claim Group is situated 100 kilometres east of Gillam, Manitoba. To facilitate the exploration of the property, Sultan Minerals Inc., ValGold Resources Ltd., and the company (the companies) agreed to pool three respective and contiguous exploration licenses, so that each would hold an undivided one-third interest in all three of the exploration licenses. The companies have earned a 75% interest in the property.

#### History

Cream Minerals Ltd. was founded in 1966.

The above Company Fundamental Report is a half-ready report and contents are subject to change.

It means that we have all necessary data in our database to prepare the report but need **2-3 days** to complete it. During this time we are also updating the report with respect to

the current moment. So, you can get all the most recent data available for the same price. Please note that preparation of additional types of analyses requires extra time.

## ANALYSIS FEATURES

### SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

### Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

### PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

## Key Factors Examined by PESTEL Analysis:

**Political** – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

**Economic** – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

**Sociological** – What cultural and societal aspects will work upon the demand for the business's products and operations?

**Technological** – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

**Environmental** – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

**Legal** – What laws and legislation will exert influence on the style the business is carried out?

## **IFE, EFE, IE Matrices**

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

## **Porter Five Forces Analysis**

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

## **VRIO Analysis**

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

## Reputation

### Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
