The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Daily Journal Corp. business.

### **About Daily Journal Corp.**

Daily Journal Corporation publishes newspapers and Web sites covering California and Arizona, as well as the magazines, and produces specialized information services. The company also serves as a newspaper representative specializing in public notice advertising. Its operations are based in California, Arizona, and Colorado.

### **Products**

Newspapers and related online publications: The company publishes 12 newspapers of general circulation. Each newspaper, in addition to news of interest to the general public, has a particular area of in-depth focus with regard to its news coverage, thereby attracting readers interested in obtaining information about that area through a newspaper format.

The Daily Journals: The Los Angeles Daily Journal and the San Francisco Daily Journal are each published every weekday except certain holidays. In addition to covering state and local news of general interest, these newspapers focus particular coverage on law and its impact on society. As of September 30, 2009, the Los Angeles Daily Journal had approximately 6,950 paid subscribers and the San Francisco Daily Journal had approximately 3,200 paid subscribers. There is also a digital version of The Daily

Journals distributed electronically by an outside provider to approximately 120 paid subscribers. The Daily Journals carry commercial advertising (display and classified) and public notice advertising required or permitted by law to be published in a newspaper of general circulation.

The Daily Journals contain the Daily Appellate Report which provides the text and case summaries of opinions certified for publication by the California Supreme Court, the California Courts of Appeal, the U.S. Supreme Court, the U.S. Court of Appeals for the Ninth Circuit, the U.S. Bankruptcy Appellate Panel for the Ninth Circuit, the State Bar Court and selected opinions of the U.S. District Courts in California, and the Federal Circuit Court of Appeals. The Daily Journals also include a monthly court directory in booklet form. This directory includes a list of sitting judges in California courts, as well as courtroom assignments, phone numbers, and courthouse addresses, plus 'Judicial Transitions', which lists judicial appointments, elevations, confirmations, resignations, retirements, and deaths.

The company publishes the California Directory of Attorneys (the Directory), which is updated and published semi-annually, in January and July. The Directory includes in a single volume names, addresses, fax, and telephone numbers of California lawyers and various informational sections, including listings of corporate counsel, private judges, arbitrators and mediators, and federal and state courts and governmental offices. In addition, the Directory includes commercial advertising and specialty listings. The Directory is provided as part of normal newspaper service to subscribers of The Daily Journals.

The Daily Journals are distributed by mail and hand delivery, with subscribers in the Los Angeles and San Francisco areas usually receiving copies the same day. Certain subscribers in Los Angeles, San Francisco, Santa Clara, Alameda, Orange, and San Diego counties receive copies by hand delivery, and additional copies are distributed by microfilm subscriptions. Majority of the information contained in The Daily Journals is available to subscribers online at [www.dailyjournal.com](http://www.dailyjournal.com).

**Daily Commerce:** The Daily Commerce, in addition to covering news of general interest, devotes substantial coverage to items designed to serve real estate investors and brokers, particularly those interested in southern California distressed properties. The features of the paper include default listings and probate estate sales. The Daily Commerce carries both public notice and commercial advertising and is published in the afternoon each business day. It had approximately 250 paid subscriptions as of September 30, 2009.

California Real Estate Journal: The California Real Estate Journal (the Real Estate Journal) is a weekly newspaper directed primarily to persons interested in the commercial real estate market, including real estate brokers, developers, bankers, and real esta

The above Company Fundamental Report is a half-ready report and contents are subject to change.

## ANALYSIS FEATURES

### SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

### Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

### PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

## Key Factors Examined by PESTEL Analysis:

**Political** – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

**Economic** – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

**Sociological** – What cultural and societal aspects will work upon the demand for the business's products and operations?

**Technological** – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

**Environmental** – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

**Legal** – What laws and legislation will exert influence on the style the business is carried out?

## **IFE, EFE, IE Matrices**

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

## **Porter Five Forces Analysis**

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

## **VRIO Analysis**

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

## Reputation

### Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
