About Entravision Communications Corp.

Entravision Communications Corporation, together with its subsidiaries, operates as a diversified Spanish-language media company. The company utilizes a combination of television and radio operations to reach Hispanic consumers in the United States, as well as the border markets of Mexico.

The company owns and/or operates 53 primary television stations located primarily in California, Colorado, Connecticut, Florida, Massachusetts, Nevada, New Mexico, Texas and Washington, D.C. It owns and operates 48 radio stations in 19 U.S. markets. The company's radio stations consist of 37 FM and 11 AM stations located in Arizona, California, Colorado, Florida, Nevada, New Mexico and Texas.

Television

The company owns and/or operates Univision-affiliated television stations in 24 markets. Univision's primary network is the Spanish-language network in the United States. Univision's primary network is the most watched television network (English- or Spanish-language) among U.S. Hispanic households. The company operates both

Univision and TeleFutura affiliates in 20 of its 24 television markets.

Television Programming

Univision Primary Network Programming: Univision directs its programming primarily toward a young, family-oriented audience. It begins daily with Despierta America and another talk show, Monday through Friday, followed by drama shows and novelas. In the late afternoon and early evening, Univision offers an entertainment magazine, a news magazine and national news, in addition to local news produced by its television stations. During prime time, Univision airs novelas, variety shows, talk shows, news magazines and reality shows, as well as specials. Prime time is followed by late news. Overnight programming consists primarily of repeats of programming aired previously on the network. Weekend daytime programming begins with children's programming, and is generally followed by sports, reality, comedy shows, and movies.

Approximately eight to ten hours of programming per weekday, including a substantial portion of weekday prime time, are programmed with novelas supplied primarily by Grupo Televisa, S.A. de C.V., or Televisa, and Corporacion Venezolana de Television, C.A., or Venevision.

TeleFutura Network Programming: Univision's other 24-hour general-interest Spanish-language broadcast network, TeleFutura, is programmed to meet the preferences of the multi-faceted U.S. Hispanic community. TeleFutura's programming includes sports (including boxing, soccer and a nightly wrap-up at 11 p.m. similar to ESPN's programming), movies (including a mix of English-language movies translated into Spanish) and novelas not run on Univision's primary network, as well as reruns of novelas broadcast on Univision's primary network.

Entravision Local Programming: The company shapes that its local news brands its stations in its television markets.

Network Affiliation Agreements: The company's network affiliation agreements with Univision provide certain of its owned stations the right to broadcast Univision's primary network and TeleFutura network programming in their respective markets.

XHAS-TV broadcasts Telemundo Network Group LLC, or Telemundo, network programming serving the Tijuana/San Diego market pursuant to a network affiliation agreement. The company's network affiliation agreement with Telemundo gives it the right to provide Telemundo network programming on XHAS-TV.

The company's network affiliation agreement with Fox Broadcasting Company, or Fox, gives it the right to broadcast Fox network programming on XHRIO-TV, serving the Harlingen-Weslaco-Brownsville-McAllen market, and KXOF-CA, serving the Laredo market.

The company also has an agreement with Master Distribution Service, Inc., or MDS, an affiliate of Fox, which gives it the right to provide 10 hours per week of MyNetworkTV programming on XHRIO-TV, KXOF-CA, and XDTV-TV, serving the Tecate/San Diego market.

The company's network affiliation agreement with The CW Network, LLC, or CW, gives it the right to broadcast CW network programming on KSFE-LP, KTIZ-LP, and KNVO-DT serving the Harlingen-Weslaco-Brownsville-McAllen market.

ANALYSIS FEATURES

SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

Enhanced SWOT Analysis

Enhanced SWOT is a 3×3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

Key Factors Examined by PESTEL Analysis:

Political – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

Economic – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

Sociological – What cultural and societal aspects will work upon the demand for the business's products and operations?

Technological – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

Environmental – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

Legal – What laws and legislation will exert influence on the style the business is carried out?

IFE, EFE, IE Matrices

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

Porter Five Forces Analysis

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

VRIO Analysis

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

Reputation

Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?
Rare?
Costly to imitate?
Organized properly?
