## Abstracts

First National Panel Co. Inc. Fundamental Company Report provides a complete overview of the company's affairs. All available data is presented in a comprehensive and easily accessed format. The report includes financial and SWOT information, industry analysis, opinions, estimates, plus annual and quarterly forecasts made by stock market experts. The report also enables direct comparison to be made between First National Panel Co. Inc. and its competitors. This provides our Clients with a clear understanding of First National Panel Co. Inc. position in the Industry Industry.

The report contains detailed information about First National Panel Co. Inc. that gives an unrivalled in-depth knowledge about internal business-environment of the company: data about the owners, senior executives, locations, subsidiaries, markets, products, and company history.

Another part of the report is a SWOT-analysis carried out for First National Panel Co. Inc.. It involves specifying the objective of the company's business and identifies the different factors that are favorable and unfavorable to achieving that objective. SWOT-analysis helps to understand company's strengths, weaknesses, opportunities, and possible threats against it.

The First National Panel Co. Inc. financial analysis covers the income statement and ratio trend-charts with balance sheets and cash flows presented on an annual and quarterly basis. The report outlines the main financial ratios pertaining to profitability, margin analysis, asset turnover, credit ratios, and

company's long-term solvency. This sort of company's information will assist and strengthen your company's decision-making processes.

In the part that describes First National Panel Co. Inc. competitors and the industry in whole, the information about company's financial ratios is compared to those of its competitors and to the industry. The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.

Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of First National Panel Co. Inc. business.

### **About First National Panel Co. Inc.**

First National Panel Company, Inc. engages in the production of pre-cast concrete products. It delivers easily and quickly build solid structures to architects, engineers, builders and end users.

The company's concrete panels can significantly reduce lumber use. In addition the solid, insulating and air tight properties of its panels provide energy efficiency that greatly reduce oil, gas and electric heating and cooling needs.

The company has acquired Engineered Panel Systems Inc. (EPS), a commercial pre-cast concrete manufacturer. EPS supplies Architectural Wall Panels, Pre-Cast Concrete and Light Gauge Steel Frames. The company has established its own mortgage entity, Lakeshore Financial and Development.

### **Products**

The company's Precast Concrete Product Line Includes: Homes, Residential Panels, Decorative Bricks, Security, Commercial Panels, Residential Panels, Fences, Sound Barriers, and Other Applications.

The company's Concrete Pre-Cast Panel functions as both exterior wall ready for stucco, vinyl siding or any other traditional exterior product as well as the finished interior wall. Its Concrete Pre-Cast Panel is made to be taped and sanded to provide the finished interior wall.

The company has also developed tongue and groove panel assembly process. This system allows for quick and accurate placement of each panel, as well as increasing the strength of each home.

The company's Precast Concrete Panels utilize the basic virtues of concrete: beauty, strength, durability, low maintenance, energy efficiency, environmental friendliness and peace and quiet.

The company's concrete panels are ready for exterior and interior finishing and also available in various colors and design finishes.

The company's Precast concrete panels reduce and isolate traffic noise from major highways, railroads, busways and smaller roadways.

The company's pre-cast concrete product applications also include Subdivision and community entry walls, retention walls, sea walls, parking lot stops, highway barriers, burial vaults, agricultural, water management and water treatment applications.

## Customers

The company's major clients include SUPERAMERICA; Jiffy Lube; Best Buy Stores; Montgomery Wards; Cub Foods; University of Minnesota; Harrah's Casino; Chanhassen Theatre's and Paramount Theatres; Tires Plus; Brown Institute; KOHL's; Amoco; Target Stores; and Block Buster.

## ANALYSIS FEATURES

### SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

### Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

### PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

### Key Factors Examined by PESTEL Analysis:

**Political** – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

**Economic** – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

**Sociological** – What cultural and societal aspects will work upon the demand for the business's products and operations?

**Technological** – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

**Environmental** – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

**Legal** – What laws and legislation will exert influence on the style the business is carried out?

### **IFE, EFE, IE Matrices**

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

## **Porter Five Forces Analysis**

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

## **VRIO Analysis**

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

## Reputation

### Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
