The Foot Locker, Inc. financial analysis covers the income statement and ratio trend-charts with balance sheets and cash flows presented on an annual and quarterly basis. The report outlines the main financial ratios pertaining to profitability, margin analysis, asset turnover, credit ratios, and company's long-

term solvency. This sort of company's information will assist and strengthen your company's decision-making processes.

In the part that describes Foot Locker, Inc. competitors and the industry in whole, the information about company's financial ratios is compared to those of its competitors and to the industry. The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.

Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Foot Locker, Inc. business.

### **About Foot Locker, Inc.**

Foot Locker, Inc. operates as a retailer of athletic footwear and apparel.

#### Segments

The company operates through two segments, Athletic Stores and Direct-to-Customers.

#### The Athletic Stores segment

The Athletic Stores segment operates athletic footwear and apparel stores under various formats, including Foot Locker, Lady Foot Locker, Kids Foot Locker, Champs Sports, Footaction, and CCS. As of January 30, 2010, the company operated 3,500 primarily mall-based stores in the United States, Canada, Europe, Australia, and New Zealand.

**Foot Locker:** Foot Locker is an athletic footwear and apparel retailer. Its stores offer the athletic-inspired performance products, manufactured primarily by the athletic brands. Foot Locker offers products for various activities, including basketball, running, and training. Its 1,911 stores are located in 21 countries, including 1,171 in the United States, Puerto Rico, the U.S. Virgin Islands, and Guam, 129 in Canada, 518 in Europe,

and a combined 93 in Australia and New Zealand. The domestic stores have an average of 2,400 selling square feet and the international stores have an average of 1,500 selling square feet.

**Lady Foot Locker** — Lady Foot Locker is the U.S. retailer of athletic footwear, apparel and accessories for active women. Its stores carry major athletic footwear and apparel brands, as well as casual wear and an assortment of apparel designed for various activities, including running, walking, toning, and fitness. Its 415 stores are located in the United States, Puerto Rico, the U.S. Virgin Islands, and Guam, and have an average of 1,300 selling square feet.

**Kids Foot Locker** — Kids Foot Locker is a national children's athletic retailer that offers a selection of brand-name athletic footwear, apparel and accessories for children. Its stores feature an environment geared to appeal to both parents and children. Its 301 stores are located in the United States, Puerto Rico and the U.S. Virgin Islands and have an average of 1,400 selling square feet.

**Champs Sports** — Champs Sports is a mall-based specialty athletic footwear and apparel retailer in North America. Its product categories include athletic footwear, apparel and accessories, and a focused assortment of equipment. Its 552 stores are located throughout the United States, Canada, Puerto Rico, and the U.S. Virgin Islands. The Champs Sports stores have an average of 3,500 selling square feet.

**Footaction** — Footaction is a national athletic footwear and apparel retailer. The primary customers are young males that seek street-inspired athletic styles. Its 319 stores are located throughout the United States and Puerto Rico and focus on marquee footwear and branded apparel. The Footaction stores have an average of 2,900 selling square feet.

**CCS** — CCS serves the needs of the 12-18 year old skater while maintaining credibility with core skaters of all ages. During 2009, the company opened two stores under the banner of CCS. The two stores are located in New Jersey and California and average 2,000 selling square feet.

#### The Direct-to-Customers segment

The Direct-to-Customers segment reflects CCS and Footlocker.com, Inc., which sells, through its affiliates, including Eastbay, Inc., to customers through catalogs and Internet Web sites. Eastbay provides high school athlete with a sports solution, including athletic

footwear, apparel, equipment, team licensed, and private-label merchandise. CCS is an Internet and catalog retailer of skateboard equipment, apparel, footwear, and accessories targeted primarily to teenaged boys. The retail store operations of CCS are included in the Athletic Stores segment. This segment also operates Web sites aligned with the brand names of its store banners (footlocker.com, ladyfootlocker.com, kidsfootlocker.com, footaction.com, champssports.com, and ccs.com).

**Franchise Operations:** The company has entered into a development agreement with the Alshaya Trading Co. W.L.L., in which it agreed to enter into separate license agreements for the operation of Foot Locker stores, subject to certain restrictions, located within the Middle East. Additionally, the company entered into a ten-year agreement with another third party for the right to open and operate Foot Locker stores in the Republic of Korea. A total of 22 franchised stores were operating as of January 30, 2010.

## Suppliers

## ANALYSIS FEATURES

### SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

### Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

### PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

### Key Factors Examined by PESTEL Analysis:

**Political** – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

**Economic** – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

**Sociological** – What cultural and societal aspects will work upon the demand for the business's products and operations?

**Technological** – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

**Environmental** – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

**Legal** – What laws and legislation will exert influence on the style the business is carried out?

### **IFE, EFE, IE Matrices**

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

## **Porter Five Forces Analysis**

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

## **VRIO Analysis**

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

## Reputation

### Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
