The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Genting Hong Kong Limited business.

About Genting Hong Kong Limited

Star Cruises, Ltd. (Star Cruises or the company) engages in the business of cruise and cruise related operations primarily in the Asia-Pacific region. Star Cruises is represented in approximately 20 locations worldwide with offices in Australia, China, Germany, Hong Kong, India, Indonesia, Japan, Korea, Malaysia, New Zealand, Norway, Philippines, Singapore, Sweden, Taiwan, Thailand, United Arab Emirates, United Kingdom, and the United States of America. Star Cruises operates five vessels in Asia-Pacific namely SuperStar Virgo, SuperStar Gemini, Star Pisces, MegaStar Aries and MegaStar Taurus.

Star Cruises Family

Norwegian Cruise Line (NCL)

NCL is a cruise line that offers itineraries around the world. Its fleet of ships offers Freestyle Cruising which combines the excitement of travel with the choices and relaxed lifestyle of a fine resort. NCL offers regularly scheduled cruises to the Caribbean in a single-class atmosphere of informal luxury. The ship provides guests with an alternative to land-based resorts. NCL sailed to approximately 200 ports in Alaska, Australia, Bermuda, Caribbean, Europe (Mediterranean, Baltic and Scandinavia), Hawaii, Mexico,

South America, and Trans Canal.

Orient Lines

Orient Lines offers cruise tours to approximately 170 destinations on all seven continents. Its cruise-tours combine the cruise with included hotel stays and city tours in various embarkation/disembarkation cities. Additionally, there are on-board lectures, as well as folkloric performances, wherever possible.

The Fleet

Star Cruises operates a combined fleet of approximately 22 ships in service and under construction, with approximately 352,000 lower berths, cruising to destinations and islands in Asia-Pacific, North and South America, Hawaii, Caribbean, Alaska, Europe, Mediterranean, Bermuda and the Antarctica under the Star Cruises, Norwegian Cruise Line, NCL America, Orient Lines and Cruise Ferries brands.

The NCL group has a fleet of 16 ships in service. The NCL fleet includes the Norwegian Dream, Norwegian Majesty, Norwegian Sea, Norwegian Wind, Norwegian Sun, Norwegian Dawn, Norwegian Star, Norwegian Crown and Norwegian Spirit.

Both NCL and Orient Lines market primarily in North America but also in the UK, Europe, South America and Asia whilst NCL America offers inter island cruises in Hawaii. The Cruise Ferries brand comprises the m.v. Wasa Queen.

The Star Series

Star Pisces has approximately 700 passenger cabins. Accessible by internal lifts, the 40,000-grt ship can accommodate approximately 2,000 passengers.

The MegaStar Series

The MegaStar ships are model for private charters, such as hosting a wedding dinner, a company conference cum vacation or as one's personal yacht for a few days. MegaStar ships include MegaStar Taurus and MegaStar Aries. The two MegaStar ships measure 85m in length and have a capacity for 72 passengers and 80 crew.

The SuperStar Series

The SuperStar-series ships comprise SuperStar Virgo and SuperStar Gemini. SuperStar Virgo, at 76,800-grt with a lower berth capacity for 1,960 passengers, has facilities and features for cruisers who prefer activity-filled cruise vacations. SuperStar Gemini is the 19,089-grt ship that has a capacity for 788 passengers and 470 crew.

Strategic Alliance

The company formed a strategic alliance with Valuair, a low cost value airline which operates out of Singapore, in December 2004.

History

Star Cruises, Ltd. was incorporated in the year 1993.

The above Company Fundamental Report is a half-ready report and contents are subject to change.

It means that we have all necessary data in our database to prepare the report but need **2-3 days** to complete it. During this time we are also updating the report with respect to the current moment. So, you can get all the most recent data available for the same price. Please note that preparation of additional types of analyses requires extra time.

ANALYSIS FEATURES

SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

Enhanced SWOT Analysis

Enhanced SWOT is a 3×3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

Key Factors Examined by PESTEL Analysis:

Political – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

Economic – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

Sociological – What cultural and societal aspects will work upon the demand for the business's products and operations?

Technological – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

Environmental – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

Legal – What laws and legislation will exert influence on the style the business is carried out?

IFE, EFE, IE Matrices

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

Porter Five Forces Analysis

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

VRIO Analysis

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

Reputation

Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
