About Glimcher Realty Trust

Glimcher Realty Trust operates as an integrated, self-administered and self-managed Maryland real estate investment trust (REIT). The company engages in the ownership, management, acquisition and development of regional and super-regional malls.

As of December 31, 2007, its Properties included 23 Malls (21 wholly-owned and 2 partially owned through a joint venture) containing an aggregate of 20.6 million square feet of gross leasable area (GLA) and 4 Community Centers containing an aggregate of 1.0 million square feet of GLA.

Through Glimcher Company (TGC) and its affiliates, the company engages in owning, leasing, acquiring, developing and operating a portfolio of retail properties consisting of regional and super regional malls and community shopping centers.

Malls: The company’s Malls are anchored by multiple department stores such as Belk’s, The Bon-Ton, Boscov’s, Dillard’s, Elder-Beerman, JCPenney, Kohl’s, Macy’s, Nordstrom, Saks, Sears, and Von Maur. Mall stores include Abercrombie & Fitch, American Eagle Outfitters, Banana Republic, Barnes & Noble, Bath & Body Works, The Disney Store, Finish Line, Foot Locker, Gap, Hallmark, Kay Jewelers, The Limited, Express, New York & Company, Old Navy, Pacific Sunwear, Radio Shack, Victoria’s

Secret, Waldenbooks, and Zales Jewelers. The Malls also have additional restaurants and retail businesses, such as P.F. Chang's, The Palm, Pier One and Red Lobster, located along the perimeter of the parking areas.

Community Centers: The company's Community Centers are designed to attract local and regional area customers and are anchored by a combination of discount department stores or supermarkets which attract shoppers to each center's smaller shops. The tenants at its Community Centers offer day-to-day necessities and value-oriented merchandise. Community Center anchors include nationally recognized retailers such as Best Buy, JCPenney and Kmart, and supermarkets such as Kroger.

Tax Status: The company has been organized and operated in a manner that qualifies for taxation as a REIT, as such it would not be subject to federal income tax to the extent it distributes 90.0% of its REIT ordinary taxable income to its shareholders.

Partnerships

In November 2009, the Blackstone Group and Glimcher Realty Trust announced a partnership for the acquisition and management of two regional malls. The assets for the joint venture would consist of two existing Glimcher mall properties: Lloyd Center in Portland, Oregon and WestShore Plaza in Tampa, Florida.

History

Glimcher Realty Trust was founded in 1993.

ANALYSIS FEATURES

SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

Enhanced SWOT Analysis

Enhanced SWOT is a 3×3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

+44 20 8123 2220
info@marketpublishers.com

Key Factors Examined by PESTEL Analysis:

Political – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

Economic – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

Sociological – What cultural and societal aspects will work upon the demand for the business's products and operations?

Technological – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

Environmental – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

Legal – What laws and legislation will exert influence on the style the business is carried out?

IFE, EFE, IE Matrices

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

Porter Five Forces Analysis

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

VRIO Analysis

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources
- Financial
- Physical
- Technological
- Organizational

Intangible resources
- Human
- Innovation and Creativity

Reputation

Organizational capabilities

The result of the analysis gives a clear picture of company’s competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
