The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Halberd Corp. business.

About Halberd Corp.

Halberd Corporation, a development stage company, provides a web portal for interested parties to find, buy and sell businesses, real estate, and equipment, as well as the related services needed to support the transaction, including financing, incorporation, professional help and additional business resources. The company's wholly owned subsidiary is SellMyBusiness.com.

The company's operations are conducted under the name 'Sellmybusiness.com'. Sellmybusiness.com provides a single web portal for interested parties to find, buy and sell businesses, real estate and equipment and all the related services needed to support the transaction, including financing, incorporation, professional help and additional business resources.

Sellmybusiness.com intends to support businesses of all sizes and types, including start-ups, well-established companies, home-based businesses, closely-held companies, multinational public corporations and franchises. Sellmybusiness.com's real estate listing service assists people to buy, sell, lease or sublease commercial and residential land and property.

Sellmybusiness.com's equipment listing service provides a portal to buy, sell or lease

excess inventory, capital equipment, raw materials, vehicles, aircraft, ships and rail equipment.

Target Markets

The initial target market for SellMyBusiness.com is: the sellers of businesses (and related real estate and equipment) in the U.S.; the buyers of businesses; the broker/dealer network that would assist in the buying and selling of these businesses; the individuals (for Sale By Owners) that choose not to enlist the services of brokers; and the professional service providers that provide an array of services for buyers & sellers.

Competition

Web-based Sites: The company's competitors include BizBuySells.com, BizQuest.com, BusinessBroker.net, BusinessDistrict.com, BusinessesFor Sale.com, BusinessMart.com, BusinessNation.com, and DaltonBusiness.com.

History

Halberd Corporation was founded in 2007.

ANALYSIS FEATURES

SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

Key Factors Examined by PESTEL Analysis:

Political – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

Economic – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

Sociological – What cultural and societal aspects will work upon the demand for the business's products and operations?

Technological – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

Environmental – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

Legal – What laws and legislation will exert influence on the style the business is carried out?

IFE, EFE, IE Matrices

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

Porter Five Forces Analysis

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

VRIO Analysis

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

Reputation

Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
