The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.
- Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Harsco Corporation business.

About Harsco Corporation

Harsco Corporation provides industrial services and engineered products worldwide. The company has operations in various countries in the Middle East, including Bahrain, Egypt, Israel, Qatar, Saudi Arabia, and the United Arab Emirates, as well as India.

Segments

The company's operations fall into three segments: Harsco Infrastructure, Harsco Metals, and Harsco Rail.

Harsco Infrastructure segment

The Harsco Infrastructure segment rents and sells equipment and provides erection and dismantling services to principally the non-residential and infrastructure construction and industrial plant maintenance markets.

The Harsco Infrastructure segment offers engineered rental scaffolding, shoring, concrete forming, and other access-related solutions. The segment operates from a network of branches throughout the world, including North America, Europe, the Gulf Region of the Middle East, Africa, the Asia-Pacific, and Latin America. Services include the rental of concrete shoring and forming systems; scaffolding for non-residential and infrastructure construction projects and industrial maintenance requirements; as well as various other infrastructure services, including project engineering and equipment erection and dismantling and, to a lesser extent, equipment sales. Harsco Metals operates in approximately 30 countries.

Harsco Rail Segment

The Harsco Rail segment provides equipment and services to maintain, repair, and construct railway track. The company's railway track maintenance services, solutions and specialized track maintenance equipment support private and government-owned railroads and urban transit system worldwide. The company's rail products are produced in three countries and products and services are provided worldwide.

All Other Category - Harsco Minerals & Harsco Industrial

The All Other Category includes the Harsco Minerals, Harsco Industrial IKG, Harsco Industrial Air-X-Changers, and Harsco Industrial Patterson-Kelley business units.

Harsco Minerals is a multinational company that extracts metallic content for production re-use on behalf of steelmakers and also engages in the development of minerals technologies for commercial applications, including agriculture fertilizers. It also produces industrial abrasives and roofing granules from power-plant utility coal slag at a number of locations throughout the United States. The company's BLACK BEAUTY abrasives are used for industrial surface preparation, such as rust removal and cleaning of bridges, ship hulls, and various structures. Roofing granules are sold to residential roofing shingle manufacturers, primarily for the replacement roofing market. This business unit produces slag abrasives and residential roofing granules in the United States.

Harsco Industrial IKG manufactures a varied line of industrial grating products at its plants in North America. These products include a range of bar grating configurations, which are used mainly in industrial flooring, as well as safety and security applications in the power, paper, chemical, refining, and processing industries.

Harsco Industrial Air-X-Changers is a supplier of custom-designed and manufactured air-cooled heat exchangers for the natural gas industry. The company's heat exchangers are the primary apparatus used to condition natural gas during recovery, compression, and transportation from underground reserves through the pipeline distribution channels.

Harsco Industrial Patterson-Kelley is a manufacturer of heat transfer products, such as boilers and water heaters for commercial and institutional applications.

History

Harsco Corporation was founded in 1956.
