The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Heritage Bankshares Inc. business.

About Heritage Bankshares Inc.

Heritage Bankshares, Inc. operates as the bank holding company for Heritage Bank. The company engages in a general community and commercial banking business, targeting the banking needs of individuals and small to medium sized businesses in its primary service area, which includes Chesapeake, Norfolk and Virginia Beach, Virginia. The principal business of the company is to attract deposits and to lend or invest those deposits on profitable terms.

Market Area

The company's principal market is the Hampton Roads area, which comprises the cities of Norfolk, Portsmouth, Virginia Beach, Chesapeake, Suffolk, Hampton, and Newport News. The company maintains its corporate headquarters in Norfolk, Virginia, and as of December 31, 2009, it had a total of six retail offices located in the cities of Norfolk and Virginia Beach, Virginia.

Lending Activities

The company engages in a range of lending activities, which include the origination, primarily in its market area, of commercial business loans, commercial real estate loans,

construction loans, land acquisition and development loans, and home equity, consumer and residential mortgage loans.

Commercial Business Lending: Commercial business loans include revolving lines of credit to provide working capital, term loans to finance the purchase of vehicles and equipment, letters of credit to guarantee payment and performance, and other loans to assist businesses in cash management or growth opportunities.

Commercial Real Estate Lending: Commercial real estate loans are primarily secured by real property and the income arising from such property. The proceeds of commercial real estate loans are used by the borrower to finance or refinance the cost of acquiring and/or improving a commercial property. The properties that secure these loans are office and warehouse facilities, retail facilities, and other commercial properties.

Construction Lending: The company has a construction lending program consisting of loans for the construction of one-to-four family residences, multi-family dwellings, office and warehouse facilities, and other nonresidential projects.

Land Acquisition and Development Lending: Land acquisition and development loans are made to builders and developers for the purpose of acquiring unimproved land to be developed for residential building sites, residential housing subdivisions, multi-family dwellings, and a variety of commercial uses.

Home Equity and Consumer Lending and Residential Mortgage Lending: The company offers home equity lines of credit and home equity loans to borrow funds secured by the equity in their homes. It also offers a variety of consumer loans, including automobile loans, personal secured and unsecured loans, credit card loans, loans secured by savings accounts or certificates of deposit, and loans to purchase residential lots for the later construction of owner-occupied residences.

The company originates residential mortgage loans secured by properties located in its primary market area in Hampton Roads, Virginia, offering various types of residential mortgage loans in addition to traditional long-term, fixed-rate, or adjustable-rate mortgage loans.

Deposits

The company offers deposits in varied forms of both demand and time accounts,

including checking accounts, interest checking, money market accounts, savings accounts, certificates of deposit and IRA accounts.

Investment Portfolio

The company's investment portfolio include the U.S. treasury securities; securities of U.S. government sponsored enterprises; mortgage-backed securities; obligations of states and political subdivisions; individual retirement accounts; and preferred trust securities.

History

Heritage Bankshares, Inc. was founded in 1975.

ANALYSIS FEATURES

SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

Key Factors Examined by PESTEL Analysis:

Political – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

Economic – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

Sociological – What cultural and societal aspects will work upon the demand for the business's products and operations?

Technological – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

Environmental – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

Legal – What laws and legislation will exert influence on the style the business is carried out?

IFE, EFE, IE Matrices

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

Porter Five Forces Analysis

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

VRIO Analysis

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

Reputation

Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
