The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.

Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Independence Bancshares Inc. business.

### **About Independence Bancshares Inc.**

Independence Bancshares, Inc. operates as the bank holding company for Independence National Bank, which provides banking services. The company operates three full service branch offices in Greenville, South Carolina

#### Lending Activities

The company focuses on lending services, including real estate, commercial, and equity-line consumer loans to individuals and small- to medium-sized businesses, and professional firms.

#### Real Estate Mortgage Loans

The principal component of the company's loan portfolio is loans secured by real estate mortgages. These loans fall into one of four categories, such as commercial real estate loans, construction and development loans, residential real estate loans, and home equity loans. Its real estate loans are secured by residential or commercial property.

**Commercial Real Estate Loans:** Commercial real estate loans have terms of five years or less, although payments would be structured on a longer amortization basis.

**Construction and Development Real Estate Loans:** The company offers adjustable and fixed rate residential, and commercial construction loans to builders and developers, and to consumers who wish to build their own home.

**Residential Real Estate Loans and Home Equity Loans:** The company issues traditional second mortgage residential real estate loans and home equity lines of credit. It offers fixed and adjustable rate residential real estate loans; and home equity lines of credit.

### Commercial Business Loans

The company offers loans for commercial purposes in various lines of businesses. Equipment loans would be made for a term of five years. It offers small business loans utilizing government enhancements, such as the Small Business Administration's 7(a) program and SBA's 504 programs.

### Consumer Loans

The company offers various loans to individuals for personal and household purposes, including secured and unsecured installment loans and revolving lines of credit.

### Deposit Services

The company offers various deposit services, including checking accounts, commercial accounts, NOW accounts, savings accounts, and time deposits of various types, ranging from daily money market accounts to long-term certificates of deposit.

### Other Banking Services

The company offers other bank services including cashier's checks, banking by mail, direct deposit of payroll and social security checks, remote deposit capture, United States Savings Bonds, and travelers checks. It offers merchant banking and credit card services through a correspondent bank. It also offers Internet banking services, bill payment services, and cash management services.

### Investment Portfolio

As of December 31, 2009, the company's investment portfolio included government-sponsored enterprises; mortgage-backed securities; and municipals, taxable securities.

## Customers

The company's customers include small business owners, legal and medical communities, insurance agencies, and real estate developers, including clients involved in residential construction, acquisition/development, and clients owning and developing income producing properties.

## ANALYSIS FEATURES

### SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

### Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

### PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

## Key Factors Examined by PESTEL Analysis:

**Political** – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

**Economic** – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

**Sociological** – What cultural and societal aspects will work upon the demand for the business's products and operations?

**Technological** – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

**Environmental** – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

**Legal** – What laws and legislation will exert influence on the style the business is carried out?

## **IFE, EFE, IE Matrices**

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

## **Porter Five Forces Analysis**

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

## **VRIO Analysis**

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

## Reputation

### Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
