Ltd. competitors and the industry in whole, the information about company's financial ratios is compared to those of its competitors and to the industry. The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.
- Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Infrastructure Development Finance Co. Ltd. business.

About Infrastructure Development Finance Co. Ltd.

Infrastructure Development Finance Company Limited primarily provides project finance services. The company also offers investment banking and institutional brokerage services, and asset management services. It provides senior debt financing in the form of loans or in the form of subscriptions to debentures; mezzanine products comprising preference capital and subordinated debt; proprietary equity investments in

infrastructure related companies; and private equity for investing in power generation, gas pipelines, hotels, and port projects. Infrastructure Development Finance Company also offers financial and performance guarantees that enable projects to secure financing from various sources, including borrowings from commercial banks, foreign lenders, and the debt capital markets; take-out financing, which allows lenders to participate in infrastructure financing; and risk participation services. In addition, it provides government advisory, corporate advisory, project development, and consulting services to infrastructure development projects and their sponsors. The company's advisory services include advising on the process of privatization and commercialization of infrastructure assets, risk management, feasibility analysis, project structuring, and financial modeling, as well as developing financing structures and solutions for financing of infrastructure projects. Further, it invests in mutual funds, corporate bonds and bank deposits, intercorporate deposits, and government bonds. The company primarily serves power, roads, ports and telecommunications, energy, telecommunications, information technology, transportation, urban infrastructure, healthcare, food and agri-business, education, and tourism sectors. Infrastructure Development Finance Company Limited was founded in 1997 and is headquartered in Chennai, India.
