The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Liberty Starz Group business.

About Liberty Starz Group

Liberty Starz Group provides premium programming distributed by cable operators, direct-to-home satellite providers, telephone companies, other distributors, and the Internet throughout the United States.

Subsidiaries

The company holds interests in Starz Entertainment, LLC and Liberty Sports Interactive, Inc.

Starz Entertainment, LLC

Starz Entertainment, LLC, a wholly owned subsidiary, provides premium movie networks and programming distributed by cable operators, direct-to-home satellite providers, telephone companies, other distributors and the Internet in the United States. Starz Entertainment's principal service offerings are: Starz, which is primarily a first-run movie service that generally includes Starz plus five multiplex channels branded with the Starz name, each of which exhibits movies targeted to a specific audience; and Encore, which airs first-run movies and classic contemporary movies and generally includes six additional thematic multiplex channels branded with the Encore name, each

of which exhibits movies based upon individual themes.

Distributors may also sell Encore on an à-la-carte basis or packaged with Starz. Starz Entertainment's services also include MoviePlex, a 'theme by day' channel featuring a different thematic multiplex channel each day, on a weekly rotation; IndiePlex, featuring art house and independent films; RetroPlex, featuring 'classic' movies; Starz On Demand; Encore on Demand; MoviePlex On Demand; high definition feeds of Starz and Encore channels and high definition versions of each of Starz On Demand, Encore On Demand and MoviePlex On Demand. Starz Entertainment also offers Starz Online, Encore Online and Starz Play which are Internet complements to Starz and Encore, to cable and telephone companies who offer high speed services and other distributors.

Programming networks, such as Starz, distribute their services through various distribution technologies, including cable television, direct-to-home satellite, broadcast television, telephone networks, and the Internet.

Starz Entertainment primarily engages in the delivery of premium programming services consisted of movies and original programming to subscribers under affiliation agreements with cable operators, direct broadcast satellite operators and telephone companies, including Comcast Cable, DIRECTV, DISH Network, Time Warner Cable, Charter Communications, Cox Communications, Cablevision Systems, Insight Communications, Mediacom Communications, Verizon Communications, AT&T, and the National Cable Television Cooperative. As of December 31, 2009, Starz Entertainment's major customers included Comcast, DIRECTV, and DISH Network.

Liberty Sports Interactive, Inc.

Liberty Sports Interactive, Inc., a wholly-owned subsidiary, develops, operates, and licenses fantasy sports games, fantasy sports league-hosting software, and fantasy sports content delivered via broadband, as well as providing free online games, information, and entertainment for sports fans.

ANALYSIS FEATURES

SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

Key Factors Examined by PESTEL Analysis:

Political – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

Economic – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

Sociological – What cultural and societal aspects will work upon the demand for the business's products and operations?

Technological – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

Environmental – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

Legal – What laws and legislation will exert influence on the style the business is carried out?

IFE, EFE, IE Matrices

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

Porter Five Forces Analysis

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

VRIO Analysis

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

Reputation

Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
