LOUD Technologies Inc. Fundamental Company Report provides a complete overview of the company's affairs. All available data is presented in a comprehensive and easily accessed format. The report includes financial and SWOT information, industry analysis, opinions, estimates, plus annual and quarterly forecasts made by stock market experts. The report also enables direct comparison to be made between LOUD Technologies Inc. and its competitors. This provides our Clients with a clear understanding of LOUD Technologies Inc. position in the Computers and Electronic Equipment Industry.

- The report contains detailed information about LOUD Technologies Inc. that gives an unrivalled in-depth knowledge about internal business-environment of the company: data about the owners, senior executives, locations, subsidiaries, markets, products, and company history.
- Another part of the report is a SWOT-analysis carried out for LOUD Technologies Inc.. It involves specifying the objective of the company's business and identifies the different factors that are favorable and unfavorable to achieving that objective. SWOT-analysis helps to understand company's strengths, weaknesses, opportunities, and possible threats against it.
- The LOUD Technologies Inc. financial analysis covers the income statement and ratio trend-charts with balance sheets and cash flows presented on an annual and quarterly basis. The report outlines the main financial ratios pertaining to profitability, margin analysis, asset turnover, credit ratios, and company's long-term solvency. This sort of company's information will assist and strengthen your company's decision-making processes.
- In the part that describes LOUD Technologies Inc. competitors and the industry in whole, the information about company's financial ratios is compared to those of its competitors and to the industry. The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.
- Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of LOUD Technologies Inc. business.

### About LOUD Technologies Inc.

LOUD Technologies, Inc., a professional audio and music products company, engages in the engineering, manufacture, marketing and distribution of a range of professional audio and musical instrument products worldwide. The company also distributes branded professional audio and music accessories through its St. Louis Music catalog.

### Products

The company's product lines include sound reinforcement speakers, analog mixers, guitar and bass amplifiers, professional loudspeaker systems, and branded musical instruments. These products can be found in professional and project recording studios, video and broadcast suites, post-production facilities, sound reinforcement applications including churches and nightclubs, retail locations, and on major musical concert tours.

The company, through St. Louis Music, Inc., manufactures, distributes and imports guitar and bass amplifiers, branded musical instruments, and professional audio products. Through Martin Audio, Ltd., it manufactures loudspeakers and related equipment.

The company's major brands include: Alvarez, which is an acoustic guitar line geared to players of various levels — from entry-level to professional; Ampeg is the standard in bass amplification; Crate is an entry-level brand of musical instrument amplification products; EAW represents precision engineered loudspeakers and digital mixers. EAW systems are found in public spaces, including sporting arenas, churches, nightclubs, and on major musical concert tours; Mackie is professional audio systems for both recording and sound reinforcement applications; and Martin Audio is loudspeaker systems.

### Customers and Markets

In the United States, its EAW products are sold in musical instrument stores, professional audio outlets and several mail order outlets. For Alvarez, Ampeg, Crate, Mackie, St. Louis Music Accessories, Tapco, Knilling and Martin Audio products, the company uses a sales force that sells to musical instrument stores, retail locations, professional audio outlets, installed sound contractors, and mail order outlets. Its major customer includes Guitar Center, Inc.

Internationally, its products are offered direct to dealers in the United Kingdom, Canada, France, Germany, Belgium, the Netherlands and Luxembourg primarily through its subsidiaries in the United Kingdom and Canada. The company also sells direct to dealers in Japan. It also has operations in China.

### Competition

The company's primary market competitors are subsidiaries of Bosch GmbH; Fender Musical Instruments Corporation; Harman International Industries; and Yamaha Corporation.

### History

LOUD Technologies, Inc. was founded in 1988.
