term solvency. This sort of company's information will assist and strengthen your company's decision-making processes.

In the part that describes Marinemax Inc. competitors and the industry in whole, the information about company's financial ratios is compared to those of its competitors and to the industry. The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.

Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Marinemax Inc. business.

About Marinemax Inc.

MarineMax, Inc. operates as a recreational boat dealer in the United States. The company, through its retail locations, sells new and used recreational boats, including pleasure and fishing boats. It also sells related marine products, including engines, trailers, parts, and accessories. In addition, the company arranges related boat financing, insurance, and service contracts; provides repair and maintenance services; offers boat and yacht brokerage services; and offers slip and storage accommodations.

The company has 55 retail locations in Alabama, Arizona, California, Colorado, Connecticut, Florida, Georgia, Maryland, Minnesota, Missouri, New Jersey, New York, North Carolina, Ohio, Oklahoma, Rhode Island, Tennessee, and Texas.

Products and Services

New Boat Sales

The company primarily sells recreational boats, including pleasure boats and fishing boats. The principal products the company offers are manufactured by Brunswick Corporation, the worldwide manufacturer of recreational boats, including Sea Ray pleasure boats, Boston Whaler fishing boats, Cabo Yachts, Hatteras Yachts, and

Meridian Yachts. Certain of its dealerships also sell luxury yachts, fishing boats, and pontoon boats provided by other manufacturers, including Italy-based Azimut-Benetti Group.

Motor Yachts: Hatteras Yachts and Azimut are yacht builders. The motor yacht product lines typically include designs with live-aboard luxuries. Hatteras offers a flybridge with guest seating; covered aft deck, providing the boater with additional living space; a salon; and multiple staterooms for accommodations. Azimut yachts are known for their Americanized open layout with Italian design.

Convertibles: Hatteras Yachts and Cabo Yachts are convertible yacht builders and offer designs with live-aboard luxuries. Convertibles are primarily fishing vessels, which are equipped to serve the needs of the serious tournament-class competitor. Hatteras features interiors that offer luxurious salon/galley arrangements, multiple staterooms with private heads, and a cockpit that includes a bait and tackle center, fishbox, and freezer. Cabo is known for spacious cockpits and accessibility to essentials, such as bait chests, livewells, bait prep centers, and tackle lockers. Cabo interiors offer elegance, highlighted by teak woodwork, halogen lighting, and ample storage areas.

Pleasure Boats: Sea Ray and Meridian pleasure boats target both the luxury and the family recreational boating markets and come in various configurations to suit each customer's particular recreational boating style. Sea Ray sport yachts and yachts serve the luxury segment of the recreational boating market and include living accommodations with a salon, an equipped galley, and multiple staterooms. Sea Ray sport yachts and yachts are available in cabin, bridge cockpit, and cruiser models. Sea Ray sport boat and sport cruiser models are designed for performance and dependability to serve family recreational needs and include the features and accommodations of Sea Ray's sport yacht and yacht models. Meridian sport yachts and yachts are available in sedan, motoryacht, and pilothouse models. Sea Ray and Meridian pleasure boats feature custom instrumentation that include an electronics package; various hull, deck, and cockpit designs that can include a swim platform; bow pulpit and raised bridge; and various amenities, such as swivel bucket helm seats, lounge seats, sun pads, wet bars, built-in ice chests, and refreshment centers. Sea Ray and Meridian pleasure boats feature Mercury or MerCruiser engines.

Fishing Boats: The fishing boats the company offers, such as Boston Whaler and Grady White, range from entry level models to advanced models designed for fishing and water sports in lakes, bays, and off-shore waters, with cabins with limited live-aboard capability. The fishing boats typically feature livewells, in-deck fishboxes, rodholders,

rigging stations, cockpit coaming pads, and fresh and saltwater washdowns.

Used Boat Sales

The company sells used versions of the new makes and models it offers; and used boats of other makes and models generally taken as trade-ins. Its used boat i

ANALYSIS FEATURES

SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

Key Factors Examined by PESTEL Analysis:

Political – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

Economic – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

Sociological – What cultural and societal aspects will work upon the demand for the business's products and operations?

Technological – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

Environmental – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

Legal – What laws and legislation will exert influence on the style the business is carried out?

IFE, EFE, IE Matrices

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

Porter Five Forces Analysis

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

VRIO Analysis

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

Reputation

Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
