## Abstracts

MYR Group, Inc. Fundamental Company Report provides a complete overview of the company's affairs. All available data is presented in a comprehensive and easily accessed format. The report includes financial and SWOT information, industry analysis, opinions, estimates, plus annual and quarterly forecasts made by stock market experts. The report also enables direct comparison to be made between MYR Group, Inc. and its competitors. This provides our Clients with a clear understanding of MYR Group, Inc. position in the [Engineering and Construction Services](#) Industry.

The report contains detailed information about MYR Group, Inc. that gives an unrivalled in-depth knowledge about internal business-environment of the company: data about the owners, senior executives, locations, subsidiaries, markets, products, and company history.

Another part of the report is a SWOT-analysis carried out for MYR Group, Inc.. It involves specifying the objective of the company's business and identifies the different factors that are favorable and unfavorable to achieving that objective. SWOT-analysis helps to understand company's strengths, weaknesses, opportunities, and possible threats against it.

The MYR Group, Inc. financial analysis covers the income statement and ratio trend-charts with balance sheets and cash flows presented on an annual and quarterly basis. The report outlines the main financial ratios pertaining to profitability, margin analysis, asset turnover, credit ratios, and company's long-

term solvency. This sort of company's information will assist and strengthen your company's decision-making processes.

In the part that describes MYR Group, Inc. competitors and the industry in whole, the information about company's financial ratios is compared to those of its competitors and to the industry. The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.

Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of MYR Group, Inc. business.

### **About MYR Group, Inc.**

MYR Group Inc., through its subsidiaries, provides utility and electrical construction services in the United States. The company provides a range of services which includes design, engineering, procurement, construction, upgrade, maintenance, and repair services with a focus on construction, maintenance and repair.

The company's subsidiaries include The L. E. Myers Co.; Harlan Electric Company; Hawkeye Construction, Inc.; Great Southwestern Construction, Inc.; Sturgeon Electric Company, Inc.; and MYR Transmission Services, Inc.

### **Segments**

The company manages and reports its operations through two segments: Transmission and Distribution (T&D) and Commercial and Industrial (C&I) electrical contracting services.

#### **Transmission and Distribution segment**

The company is a national contractor servicing the T&D sector of the United States electric utility industry. The company's T&D customers include approximately 125

electric utilities, cooperatives, and municipalities. The company provides a range of services which includes design, engineering, procurement, construction, upgrade, maintenance and repair services with a particular focus on construction, maintenance and repair throughout the continental the United States. The company's T&D services include the construction and maintenance of high voltage transmission lines, substations, and lower voltage underground and overhead distribution systems. In its T&D segment, the company serves the electric utility industry as a prime contractor. The company also provides many services to its customers under multi-year master service agreements (MSAs) and other variable-term service agreements. The company also provides emergency restoration services in response to hurricane, ice or other storm related damage.

### Commercial and Industrial segment

The company provides C&I electrical contracting services for commercial and industrial construction in the western the United States. The company concentrates its activities on projects where its technical and project management expertise are used to timely execution. Typical C&I contracts cover electrical contracting services for airports, hospitals, data centers, hotels, casinos, arenas, convention centers, manufacturing plants, processing facilities and transportation control and management systems. In its C&I segment, the company provides its electric construction and maintenance services as a subcontractor to general contractors in the C&I industry, as well as directly to facility owners.

The company's C&I segment also provides telecommunication installation services as well as electrical construction related to traffic and light rail signalization.

Telecommunication services include fiber optic and copper communication installation for the transmission of voice, data, and video. The electrical construction services that the company provides in connection with traffic and light rail signalization include ramp metering, signalized intersections, fiber optic interconnections for traffic management systems, as well as highway and bridge lighting installation and maintenance.

### Customers

The company's T&D customers include investor-owned utilities, municipal utilities, cooperatives, federally-owned utilities, independent power producers, independent transmission companies, and other contractors. The company's C&I customer base includes general contractors, commercial and industrial facility owners, local governments and developers in its target markets. The company's major customer is

Dominion Resources, Inc.

## Competition

## ANALYSIS FEATURES

### SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

### Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

### PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

## Key Factors Examined by PESTEL Analysis:

**Political** – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

**Economic** – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

**Sociological** – What cultural and societal aspects will work upon the demand for the business's products and operations?

**Technological** – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

**Environmental** – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

**Legal** – What laws and legislation will exert influence on the style the business is carried out?

## **IFE, EFE, IE Matrices**

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

## **Porter Five Forces Analysis**

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

## **VRIO Analysis**

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

## Reputation

### Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
