The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.

Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Ottawa Savings Bancorp, Inc. business.

About Ottawa Savings Bancorp, Inc.

Ottawa Savings Bancorp, Inc. operates as the holding company for Ottawa Savings Bank, which provides various financial services to individuals and corporate customers. The company conducts its business from its main office located in Ottawa, Illinois.

Lending Activities

The company's loan portfolio consists primarily of one-to-four family residential mortgage loans. Its loan portfolio also includes multi-family and non-residential real estate, commercial, construction, and consumer loans. Majority of its loans are made within LaSalle County.

One- to-Four Family Residential Loans: The company's primary lending activity is the origination of mortgage loans to enable borrowers to purchase or refinance existing homes or to construct new residential dwellings in its market area. It offers fixed-rate and adjustable-rate mortgage loans with terms up to 30 years.

Lines of Credit: The company offers lines of credit, including home equity lines of credit. It also offers secured and unsecured lines of credit for individuals and small businesses.

Multi-Family and Non-Residential Real Estate Loans: The company offers fixed rate balloon and adjustable-rate mortgage loans secured by multi-family and non-residential real estate. Its multi-family and non-residential real estate loans are secured by condominiums, apartment buildings, single-family subdivisions, and owner-occupied properties used for businesses.

Commercial Loans: The company's commercial loans consist of secured owner and non-owner occupied real estate, operating lines of credit secured by general business assets, and equipment loans.

Construction and Land Development Loans: The company originates loans to individuals and purchases loans that finance the construction of residential dwellings for personal use and land development loans for personal or commercial use. It also makes commercial construction loans for commercial development projects, including condominiums, apartment buildings, single-family subdivisions, and single-family speculation loans, as well as owner-occupied properties used for business.

Consumer Loans: The company offers various consumer loans, including auto, share loans, and personal unsecured loans to its customer base and related individuals.

Auto Loan Participations: The company purchases auto loan participations from regulated financial institutions. These types of loans are primarily low balance individual auto loans.

Investment Activities

As of December 31, 2009, the company's investment portfolio consisted primarily of U.S. agency securities with maturities of 5 to 10 years; and mortgage-backed securities issued by Fannie Mae, Freddie Mac, and Ginnie Mae with stated final maturities of 30 years or less.

Deposits

The company offers a selection of deposit instruments, including checking accounts, money market accounts, regular savings accounts, club savings accounts, certificate accounts, and various retirement accounts.

The above Company Fundamental Report is a half-ready report and contents are subject to change.

It means that we have all necessary data in our database to prepare the report but need **2-3 days** to complete it. ANALYSIS FEATURES

SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

Key Factors Examined by PESTEL Analysis:

Political – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

Economic – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

Sociological – What cultural and societal aspects will work upon the demand for the business's products and operations?

Technological – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

Environmental – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

Legal – What laws and legislation will exert influence on the style the business is carried out?

IFE, EFE, IE Matrices

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

Porter Five Forces Analysis

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

VRIO Analysis

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

Reputation

Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
