The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Raffles Medical Group Ltd business.

About Raffles Medical Group Ltd

Raffles Medical Group Ltd. operates as an integrated healthcare organization. The company operates a network of multidisciplinary clinics in Singapore and Hong Kong.

The company is the sole proprietor of the following: Changi Medical Services; Raffles Care; Raffles Airport Medical Centre; Raffles Dental Surgery; Raffles Healthcare Consultancy; Raffles Health Screeners; Raffles Labs; Raffles Medihelp; Raffles Optica; Raffles Pharmacare; and Raffles Pharmacy. It provides medical services to Singapore's Changi International Airport and Hong Kong's Chek Lap Kok International Airport.

The company cares for approximately a million patients, including the staff of approximately 5,500 companies. It provides integrated care to its patients, from treating basic medical problems to managing chronic conditions and severe illnesses requiring specialist treatment and complex surgery.

In addition to curative medical services, the company offers lifestyle services through its Raffles Aesthetics, Raffles Dental and Raffles Chinese Medicine centres. In addition to its medical services, Raffles Medical Group offers insurance and consumer healthcare. The consumer healthcare arm, Raffles Health, develops and distributes nutraceutical products in Singapore and the region. International Medical Insurers (IMI) is a specialist

healthcare insurer, writing health insurance policies for both individuals and groups.

In March 2008, the company launched anti-ageing screening services, which offer analysis of hormonal functions to identify deficiencies or abnormalities predictive of diseases. The centre also provided a range of minor surgical procedures at its outpatient clinic providing convenience for its clients.

Raffles Hospital established the Raffles Skin Centre, a specialty centre offering a range of specialist dermatological services, including dermatology, allergy, skin surgery, as well as hair and nail conditions. New satellite clinics were launched in Changi Airport Terminal 3 and Ang Mo Kio offering non-surgical aesthetics services.

With three clinics in Raffles Hospital, Liang Court and International Building and a range of services, which includes family medicine, gastroenterology, obstetrics and gynaecology, paediatrics, dermatology, and dental care, the clinics serve Japanese nationals living in Singapore and also serve those from the region who fly in to receive medical care.

Raffles Japanese Clinic introduced new premium health screening packages in 2008. It provides patients drug information for their prescription and a new health screening report format similar to that used in Japan. The clinic's pool of physicians and therapists provide alternative medicine in a range of TCM specialties, including dermatology, gynaecology and reproductive health, internal medicine, neurology, ophthalmology, orthopaedics and paediatrics.

In 2008, Raffles Health extended the range of products it develops and markets under the Raffles and Kidds brands. A gummy bear series was introduced under the Kidds brand offering fun and tasty vitamins for the growing child.

Segments

The company operates in three segments: Healthcare Services; Hospital Services; and Investment Holdings.

The Healthcare Services Segment includes the operations of medical clinics and other general medical services; provision of health insurance, trading in pharmaceutical and nutraceutical products and diagnostic equipment, and provision of management and consultancy services.

The Hospital Services Segment includes provision of medical services and operation of hospital and business of medical laboratory and imaging centre.

The Investment Holdings Segment includes investment in a jointly-controlled entity and investment holding.

History

Raffles Medical Group Ltd. was founded in 1976.

ANALYSIS FEATURES

SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

Key Factors Examined by PESTEL Analysis:

Political – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

Economic – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

Sociological – What cultural and societal aspects will work upon the demand for the business's products and operations?

Technological – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

Environmental – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

Legal – What laws and legislation will exert influence on the style the business is carried out?

IFE, EFE, IE Matrices

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

Porter Five Forces Analysis

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

VRIO Analysis

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

Reputation

Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
