The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Spectrum Brands Holdings, Inc. business.

About Spectrum Brands Holdings, Inc.

Spectrum Brands Holdings, Inc., a consumer products company, offers consumer batteries; small appliances; pet supplies; electric shaving and grooming; electric personal care; portable lighting; and home and garden control products.

Segments

The company manages its business in four reportable segments: Global Batteries and Personal Care, which consists of its worldwide battery, shaving and grooming, personal care and portable lighting business (Global Batteries and Personal Care); Global Pet Supplies, which consists of its worldwide pet supplies business (Global Pet Supplies); the Home and Garden Business, which consists of its home and garden control product offerings, including household insecticides, repellants, and herbicides (the Home and Garden Business); and Small Appliances, which consists of small electrical appliances primarily in the kitchen and home product categories (Small Appliances).

Products

The company's line of products includes consumer batteries, including alkaline and zinc

carbon batteries, rechargeable batteries and chargers and hearing aid batteries and other specialty batteries; pet supplies, including aquatic equipment and supplies, dog and cat treats, small animal foods, clean up and training aids, health and grooming products, and bedding; home and garden control products, including household insect controls, insect repellents, and herbicides; electric shaving and grooming devices; small appliances, including small kitchen appliances and home product appliances; electric personal care and styling devices; and portable lighting.

Consumer Batteries

The company markets and sells a line of alkaline batteries (AA, AAA, C, D and 9-volt sizes) to both retail and industrial customers. Its alkaline batteries are marketed and sold primarily under the Rayovac and VARTA brands. The company also manufactures alkaline batteries for third parties who sell the batteries under their own private labels. The company's zinc carbon batteries are also marketed and sold primarily under the Rayovac and VARTA brands and are designed for low- and medium-drain battery-powered devices.

The company also markets and distributes hearing aid batteries. It sells its hearing aid batteries through retail trade channels and directly to professional audiologists under various brand names and private labels, including Beltone, Miracle Ear, and Starkey. The company also sells Nickel Metal Hydride (NiMH) rechargeable batteries and a variety of battery chargers under the Rayovac and VARTA brands.

The company's other specialty battery products include camera batteries, lithium batteries, silver oxide batteries, keyless entry batteries and coin cells for use in watches, cameras, calculators, communications equipment, and medical instruments.

Pet Supplies

In the pet supplies product category, the company markets and sells various branded pet supplies for fish, dogs, cats, birds, and other small domestic animals. It has a line of consumer and commercial aquatics products, including integrated aquarium kits, standalone tanks and stands, filtration systems, heaters, pumps, and other equipment, fish food and water treatment products. The company's major aquatics brands are Tetra, Marineland, Whisper, Jungle, and Instant Ocean. It also sells various specialty pet products, including dog and cat treats, small animal food and treats, clean up and training aid products, health and grooming aids, and bedding products. The company's major specialty pet brands include 8-in-1, Dingo, Firststrax, Nature's Miracle, and Wild

Harvest.

Home and Garden Control Products

In the home and garden control products category, the company sells and markets various home and garden care products, including household insecticides, insect repellent, herbicides, garden and indoor plant foods, and plant care treatments. The company offers an array of household insecticides, such as spider, roach and ant killer, flying insect killer, insect foggers, wasp and hornet killer, flea and tick control products, and roach and ant baits. The company also manufactures and markets a line of insect repellent products that provide protection from inse

The above Company Fundamental Report is a half-ready report and contents are subject to change.

ANALYSIS FEATURES

SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

Enhanced SWOT Analysis

Enhanced SWOT is a 3×3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

Key Factors Examined by PESTEL Analysis:

Political – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

Economic – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

Sociological – What cultural and societal aspects will work upon the demand for the business's products and operations?

Technological – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

Environmental – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

Legal – What laws and legislation will exert influence on the style the business is carried out?

IFE, EFE, IE Matrices

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

Porter Five Forces Analysis

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

VRIO Analysis

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

Reputation

Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
