The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Sturgis Bancorp Inc. business.

### **About Sturgis Bancorp Inc.**

Sturgis Bancorp, Inc. operates as the holding company for Sturgis Bank & Trust Company (the Bank). The Bank is a state chartered savings bank located in Sturgis, Michigan. The principal business of the Bank is to accept savings deposits from the general public and make single family mortgage loans and consumer and commercial loans.

#### Market Area

The Bank conducts business from its main office in Sturgis, Michigan and 9 full-service branch offices located in Bronson, Centreville, Climax, Coldwater, Colon, South Haven, Sturgis, Three Rivers and White Pigeon, Michigan. The Bank also operates one limited services branch in Sturgis, Michigan. The Bank's market area covers all of St. Joseph County and parts of Cass, Branch, Calhoun, Van Buren, Allegan, Hillsdale and Kalamazoo Counties.

#### Deposit Accounts

The Bank offers several types of savings programs including passbook and statement accounts, NOW accounts, Super NOW accounts, money-market accounts, and fixed-

rate and fixed-term certificates of deposit.

### Lending Activities

**One to Four Unit Family Residential Lending:** One to four family owner occupied residential lending is the major portion of the Bank's lending activity.

**One To Four Unit Residential Construction Lending:** The Bank's construction loans are made to finance construction of owner occupied, single family residences. Most construction loans are made to the homeowner.

**Consumer Lending:** The Bank originates consumer loans to the general public. These loans are generally for personal, family or household purposes, such as the financing of home improvements and automobiles. The Bank also offers consumer loans to its depositors secured by their savings, passbook or certificate accounts.

**Commercial Lending:** Commercial loans are available to purchase commercial real estate, for working capital or to purchase equipment. The amortization schedules for real estate and equipment purchase loans are matched to the useful life of the collateral pledged to secure the loan.

### Investments

The Company invests in U.S. Treasury and agency securities, Obligations of states and political subdivisions, and FHLB stock.

### History

Sturgis Bancorp, Inc. was founded in 1905.

## ANALYSIS FEATURES

### SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

### Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

### PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

## Key Factors Examined by PESTEL Analysis:

**Political** – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

**Economic** – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

**Sociological** – What cultural and societal aspects will work upon the demand for the business's products and operations?

**Technological** – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

**Environmental** – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

**Legal** – What laws and legislation will exert influence on the style the business is carried out?

## **IFE, EFE, IE Matrices**

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

### **Porter Five Forces Analysis**

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

### **VRIO Analysis**

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

## Reputation

### Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
