Versatel AG Fundamental Company Report provides a complete overview of the company's affairs. All available data is presented in a comprehensive and easily accessed format. The report includes financial and SWOT information, industry analysis, opinions, estimates, plus annual and quarterly forecasts made by stock market experts. The report also enables direct comparison to be made between Versatel AG and its competitors. This provides our Clients with a clear understanding of Versatel AG position in the **Communication Services Industry**.

- The report contains detailed information about Versatel AG that gives an unrivalled in-depth knowledge about internal business-environment of the company: data about the owners, senior executives, locations, subsidiaries, markets, products, and company history.
- Another part of the report is a SWOT-analysis carried out for Versatel AG. It involves specifying the objective of the company's business and identifies the different factors that are favorable and unfavorable to achieving that objective. SWOT-analysis helps to understand company's strengths, weaknesses, opportunities, and possible threats against it.
- The Versatel AG financial analysis covers the income statement and ratio trend-charts with balance sheets and cash flows presented on an annual and quarterly basis. The report outlines the main financial ratios pertaining to profitability, margin analysis, asset turnover, credit ratios, and company's long-term solvency. This sort of company's information will assist and strengthen your company's decision-making processes.
- In the part that describes Versatel AG competitors and the industry in whole, the information about company's financial ratios is compared to those of its competitors and to the industry. The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.
- Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Versatel AG business.

About Versatel AG

Versatel AG provides telecommunications and information technology services in Germany. It offers various telecommunications products and services, including fixed line, mobile telephony, cable television and radio broadcasting, Internet protocol virtual private network solutions, voice and data projects, and value-added services, as well as engages in leasing data lines, and carrying voice and data traffic. The company operates in three segments: Residential, Business, and Wholesale. The Residential segment markets telephony and broadband products. The Business segment provides products for small and

medium-sized enterprises; and custom communications solutions for its clients. The Wholesale segment offers interconnection services to carry voice and data traffic, and marketing lines and broadband capacity. As of December 31, 2009, the company had a network of 40,340 kilometers of fiber optic cable. Versatel AG is based in Berlin, Germany.

The above Company Fundamental Report is a half-ready report and contents are subject to change. It means that we have all necessary data in our database to prepare the report but need 2-3 days to complete it. During this time we are also updating the report with respect to the current moment. So, you can get all the most recent data available for the same price. Please note that preparation of additional types of analyses requires extra time.
