The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Visualant Incorporated business.

About Visualant Incorporated

Visualant, Incorporated operates in the security and authentication systems technology business. The company, through its subsidiary, TransTech Systems, Inc., offers security and authentication solutions to security and law enforcement markets in the United States.

The company engages in the research, development, acquisition, and commercialization of products and services related to illumination and detection of electromagnetic energy. It focuses on securing customers

for its Spectral Pattern Matching (SPM) technology for use in the areas of national security, document forgery/fraud, brand protection, label fraud, and product tampering

The company holds patent applications that pertain to the use of controlled illumination with specific bands of electromagnetic radiation, detection of returned electromagnetic radiation, and data management in a manner enabling its devices to establish a spectral signature for both individual and classes of items. This spectral signature data can potentially be used in various applications in areas such as brand protection, forgery detection, homeland security, medical diagnostics, quality control, fluids monitoring, metal stress analysis, and others.

History

The company was founded in 1998. It was formerly known as Starberrys Corporation and changed its name to Visualant Incorporated in 2004.
