The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Wet Seal Inc. business.

About Wet Seal Inc.

The Wet Seal, Inc., a national specialty retailer, operates stores selling fashionable and contemporary apparel and accessory items designed for female customers. As of January 30, 2010, the company operated 504 retail stores in 47 states, Puerto Rico and Washington D.C. Its products can also be purchased online.

Segments

The company operates two nationwide, primarily mall-based, chains of retail stores under the names 'Wet Seal' and 'Arden B.'

Wet Seal: Wet Seal is a junior apparel brand for teenage girls that seek trend-focused and value-competitive clothing, with a target customer age of 13 to 19 years old. Wet Seal seeks to provide its customer base with a balance of fashionable and basic apparel and accessories.

Arden B: Arden B is a fashion brand for the feminine contemporary woman. Arden B targets customers aged 25 to 35 years old and seeks to deliver contemporary collections of fashion and basic separates and accessories for various aspects of the customers' lifestyles.

The company maintains a Web-based store located at www.wetseal.com, offering Wet Seal merchandise. It also maintains a Web-based store located at www.ardenb.com, offering Arden B apparel and accessories comparable to those carried in its stores to customers over the Internet. Its online stores are designed to serve as an extension of the in-store experience and offer a selection of merchandise, which helps expand in-store sales.

Competition

The company's Wet Seal and Arden B stores compete with specialty apparel retailers, department stores, and certain other apparel retailers, including Aeropostale, Anthropologie, Abercrombie & Fitch, Charlotte Russe, Gap, Banana Republic, H&M, Old Navy, Pacific Sunwear, American Eagle, Target, Urban Outfitters, Forever 21, Express, J.C. Penney, Nordstrom, bebe, Zara, Guess?, BCBG, and other regional retailers.

History

The Wet Seal, Inc. was founded in 1962.

ANALYSIS FEATURES

SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

Enhanced SWOT Analysis

Enhanced SWOT is a 3x3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

Key Factors Examined by PESTEL Analysis:

Political – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

Economic – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

Sociological – What cultural and societal aspects will work upon the demand for the business's products and operations?

Technological – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

Environmental – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

Legal – What laws and legislation will exert influence on the style the business is carried out?

IFE, EFE, IE Matrices

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

Porter Five Forces Analysis

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

What composes a threat of substitute products and services?

Is there a threat of new competitors entering the market?

What is the intensity of competitive rivalry?

How big is the bargaining power of buyers?

How significant is the bargaining power of suppliers?

VRIO Analysis

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

Tangible resources

Financial

Physical

Technological

Organizational

Intangible resources

Human

Innovation and Creativity

Reputation

Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
