This sort of company's information will assist and strengthen your company's decision-making processes.
- In the part that describes Wizzard Software Corporation competitors and the industry in whole, the information about company's financial ratios is compared to those of its competitors and to the industry. The unique analysis of the market and company's competitors along with detailed information about the internal and external factors affecting the relevant industry will help to manage your business environment. Your company's business and sales activities will be boosted by gaining an insight into your competitors' businesses.
- Also the report provides relevant news, an analysis of PR-activity, and stock price movements. The latter are correlated with pertinent news and press releases, and annual and quarterly forecasts are given by a variety of experts and market research firms. Such information creates your awareness about principal trends of Wizzard Software Corporation business.

About Wizzard Software Corporation

Wizzard Software Corporation provides software products and services for the speech recognition and text-to-speech technology, podcasting, and the home healthcare industry.

Segments

The company operates in three segments Software, Healthcare, and Media Services.

The Software segment engages primarily in the development, sale, and service of custom and packaged computer software products.

The Healthcare segment operates primarily in the home healthcare and healthcare staffing services in Wyoming and Montana.

The Media Services provides podcast hosting, content management tools and advertising services.

Products and Services

Podcasting Hosting and Media Services: The company provides a Web based podcast distribution platform for podcast producers wanting to broadcast their audio or video show to people worldwide, in most cases through RSS distribution. It hosts approximately 1 million podcast episodes for approximately 12,000 podcast producers and distributes them to approximately 18 million monthly audience members. In 2009, the company distributed approximately 1.4 billion podcast episodes.

Speech Tools & Engine: The company markets IBM and AT&T developer tools through agreements with those companies and receives a portion of the licensing fees collected. It offers Text-To-Speech Engines from IBM and AT&T to software developers and businesses worldwide, as well as speech recognition engines from IBM. It receives payments for each copy/license distributed by its customers and in turn, pays a percentage of that payment to IBM or AT&T.

Home Healthcare Services: Interim HealthCare of Wyoming is a state licensed and Medicare certified home health agency. In addition, Interim HealthCare of Wyoming provides temporary staffing of healthcare professionals to facilities across the states of Wyoming and Montana.

Competition

The company's competitors include Nuance, Loquendo, and Fonix.

History

Wizzard Software Corporation was founded in 1995.
